Press Release

In the annually organised International Security Expo-2018 being held at Hall No. 12-A, ITPO Pragati Maidan, a pavillion was established by CRPF. The expo was inaugurated by Hon'ble MoS MHA Shri Hansraj Ahir. The 70 square meter pavillion provides a glimpse into the duties, achievements, gallantry acts, training, weapons used by CRPF, and various theaters that CRPF works in. The pavillion is made on the theme of ' Sarvatra Vidyaman, satat Gatiman' which translates into 'Present everywhere, perpetually moving'. The pavillion begins by paying tribute to its martyrs as one can clearly see the busts of martyrs even from outside the pavillion. The pavillion depicts, various historical moments and a window into CRPF way into life. A CoBRA commando with deep jungles in the background picture stands as major attraction for visitors to take selfies with. While RAF, CRPF's specialised wing for Riot control, displays its weapons and capabilities, a big screen continuously plays a video about the evolution of CRPF right from its day of inception in 1939.
