Golden Jubilee Reunion of 1975 Batch Of Direct Officers of CRPF

Ramesh Chandra

IGP(Retd)

The Academy

After shifting of National Police Academy to Hyderabad during Feb 1975, (previously Central Police Training College from 1948 to 1967, Abu Lawrence School from 1856 to 1947, and Abu Lawrence Military Asylum from 1849 to 1855), the Internal Security Academy of CRPF was established in these premises. 15th batch of the Directly Appointed Gazetted Officers (DAGOs) of the Force converged at ISA Mt Abu for basic training on 25th Aug 1975. (1st to 6th batches of DAGOs were trained along with IPS officers at CPTC and 7th to 14th (first half) batches at CTC -1 Neemuch). The ISA conducted basic training for DAGOs of the Force from 14th (later half batch) to 36th batch (1975 to 2006) in these premises, before shifting of the DAGOs' training to the new Academy at Gurgaon during 2007. The ISA at Mt Abu now conducts various internal security, specialization & up-gradation courses for officers.

Mt Abu

Mt Abu of 1975 was a small town with beautiful Nakki lake, numerous view points & temples, a network of trekking routes, greenery round the year, limited foot-fall of select tourists from adjoining states, winter Garba dance of Bheel community inhabiting the villages nestled in the forest around the town and annual rainfall of over 3450 mm. Now the population density, hence the number of houses have increased, foot-fall of tourists has gone up many fold covering all seasons of the year and the annual rain-fall has gone down to below half (average 1550 mm), so has the normal water level in the Nakki. Of course Guru shikhar, Achal garh & Dilwara temples, Sunset & Anadra (view) points - the permanent fixtures of this picturesque mountain town - ever stand tall with their everlasting grandeur.

15th DAGOs

The 15th batch of direct officers of CRPF, initially comprising of 38 trainees, reported at the academy on 25 Aug 1975. Two trainees namely Sh Naik (from IB) & Sh Desmond Netto (a civil service aspirant who later made it to the IPS) left within a week after reporting. Two trainees, namely Sh KS Chib & Sh RK Shama, left midway on selection to Indian Military Academy. Thus 34 of us underwent full training and passed out from the academy, but soon after passing out Sh S Jagdish resumed his old job as lecturer of English of Karnataka college. Thus the batch had a strength of 33 to begin with.

The Training

The batch started basic training of one year under the overall supervision of Sh H Veerbhadraiah IPS, IGP, director of the Academy, Sh C Pal Singh Commandant, Sh AM Tiwari Dy Comdt, Sh JP Dubey Dy Comdt, Sh AS Chahal, Asstt Comdt the course incharge officer, Sh RS Gill Asstt Comdt Adjutant of the Academy, Sh NS Broca, Asstt Comdt, QM MTO and Sh AN Sehgal Law Instructor of NPA who chose to stay back at the serene, cool & picturesque Mt Abu after the shifting of NPA to Hyderabad. Our outdoor trainers comprised of Insp Om Prakash, Insp Bijendra Singh, HC Dhyan Singh & HC Bhagwan Singh (Foot drill), HC Murgesan & HC Mohapatra (weapon drill) and HC Rampat assisted by two Cts (Physical training). All the trainers were stiff nosed men during training hours, and perfect gentlemen off the training hours. We hold all of them in high regards.

Life at the Academy

Despite of the Academy evenly leveling us physically & mentally, most of us were able to keep our individual idiosyncrasies intact but sub-groups were formed over the period due to particular characteristics. First sub-group was of those, who were undergoing training during & after the training time. They had neither time nor the inclination for other allied pursuits. Leading among them were JS Sandhu, SA Jabbar, KR Brahmo, MS Balakesavan, MK Doss, DP Mukherjee, Amar Singh and AK Duggal. There was a second sub-group of those who were sincere on the ground & class-room, but could keep their spirits alive off the parade times. These were KV Madhusoodanan, KK Shiva Prasad, HR Singh, Ranjit Singh, AA Khan, Joginder Singh, SAM Kazmi, Vijay Kumar, V. Lakshminarayanan, Muralidharan, S Jagdish and I. This sub-group was sizeable. Then came the third sub-group of chivalrous guys who were equally good in training as well as in various allied activities. They were MS Raghava, Vinod Veer Singh, Suresh Kumar Sharma, Vinod Kumar Sharma, Rajinder Singh Cheema, Amarjit Singh Brar and Raghuvir-Singh-Hari-Singh Sahota. Last but not the least there came a concise undetectable fourth sub-group of those whose interest or dis-interest in the training, as in other allied activities remained incomprehensible for all of us, until they started performing excellently well in the field. They were Krishnamurthy Iyer and DK Mohapatra. It would be gross injustice if no mention is made of that one-man sub-group which lived on Carbon-di-Oxide and performed all private or public odd-jobs, with sole-membership of Sh AM Mohammed.

These sub-groups were impenetrable out of the Academy premises, though permeable within; eg- JS Sandhu & Vinod Kumar Sharma in breaking into sudden sprint towards RHE mess after parade for meals, Brar & Cheema in quiet chicken-pickle eating, Madan & Cheema in reverse walking- taking backside road to reach Connaught place of Mt Abu- Nakki Market; Madan, VV Singh & Chib in joking & fancy dressing, Lakshmi & Murali in dosa eating at a particular Nakki restaurant, S Jagdish (Nick named Chingari- for his favorite Hindi number for all occasions 'Chingari koi bharhke...'), Lakshmi ('Tareef Karoo kya teri...' fame), HR Singh (for Haryanwi Ragini), Cheema (for Punjabi numbers) in singing; and lone Ranjit Singh in whistling. One situation in which all of us used to be together, was after long hours of outdoor training, driving us to the ends of human- endurance, sparing just enough energy to reach RHE stairs and to break together into Hindi number "Le kar hum diwana dil, firte hain manjil manjil..." the song which towards the end of training period assumed the status of theme-song of the batch.

The Service Career

Our service career spanning over 36 yrs, covered deployment in anti- insurgency operations in North East, Left Wing Extremism operations in eastern & northern Andhra and adjoining states, cross border terrorism of J & K, besides providing security in general parliamentary & state assembly elections, annual pilgrimage to holy Amaranth cave and 12 yearly festival of Kumbh & 6 yearly Ardh Kumbh. Our batch officers also rendered services on deputation to specialized forces like SPG & NSG in initial stages of creation of these specialized Forces and UN peace keeping assignments in Srilanka, Kosovo & Haiti.

On operational front three officers of the batch- Sh RSHS Sahota DIG & Dr VV Singh Comdt & Sushil kumar Sharma Comdt, were awarded bar to Presidents Police Medal for Gallantry, Gallantry Medals to Sh JS Sandhu Comdt, VSM to Susheel Kumar Sharma for services for exceptional nature in fighting terrorism in Punjab and a Saurya Chakra to NMS Nair in exhibiting conspicuous bravery & operational leadership in providing security to top leadership during parliament attack of 2001 while in SPG.

For their outstanding performance on administrative front, five officers of the batch - KV Madhusudanan, KK Shivaprasad, AM Mohd, Madan Singh, HR Singh & AAKhan, earned distinguished service medals, and ten officers of the batch were awarded meritorious service medals.

On career progression, despite of suffocating stagnation in the career progression by external deputations, started during mid sixties as make-shift arrangement when the Force was expanding and there weren't enough number of cadre officers at hand, unduly prolonged when none of these parameters existed anymore, two of us Sh MS Raghava & Sh HR Singh rose to the rank of Addl DG, other eight officers namely Sh KV Madhusudanan, AM Mohd, KK Shivaprasad, AA Khan, Joginder Singh, Ranjit Singh, SAM Kazmi & I, were promoted to the rank of IGP and many others to the rank of DIG & Comdt.

Those of us who left the Force prematurely for personal reasons, also did exceedingly well in the civil life- NMS Nair rose to the level of GM in ONGC, Suresh Kumar on absorption in Punjab Police rose to the rank of Insp Gen, Satyam Reddy headed the prestigious AP High Court Bar Association, narrowly missing on nomination as High Court judge; Lakshmi is still heading a Communication co. in States and Murali held very high position in Tata Steel.

That's a brief account of excellent dividends to the Force & the batch for rigorous training at the academy and tough deployment across all the states & terrains of the country, with trying opportunities to prove our mettle.

Long Race:

We realized the truth in the proverb that the time passes very fast only after we retired within last decade & a half. Service in the CRPF was a long race where we didn't get to breathe a while. With hind-sight we recall - we lost our parents in our absence, couldn't attend the marriages of youngsters, couldn't supervise education of our own kids, relationships with near & dear were maintained at lowest ebb due to our perennial absence and most close links with childhood friends got severed and forgotten. We might have gained materially but lost greatly on those finer sweet dimensions of life which once soothed our souls.

Winding tunnel:

We entered the Force as boys soon after finishing college education. Passing through long winding, blind curves of service life, we intermittently lost the sight either of the past or the scenario ahead. Thus, most of our life & time in service passed in connecting the past with the future scenarios, missing out the larger panoramic

picture of life. At long last when we emerged out of this winding tunnel, we found the outside view fully changed and alien to us. From the lots we knew before entering the service, the old had passed away and the young had grown-up and forgotten us. We ended up being alien to all those around us, too. The Force whom we had taken as our second mother, had also moved away from us- as it had to, one day. Thus we were all left to ourselves, our families and our batchmates.

Having lost eight of our batchmates over these years, namely-Sh MK Doss, Amar Singh, AK Duggal, Harjinder Singh, Madan Singh, SAM Kazmi, Sushil Kumar Sharma & RSHS Sahota- in that order, to whom we pay our solemn tributes, now we remain 25 strong of us to uphold our initial solidarity, spirits & smiles for all who come in contact with us for different roles, at different stages during the journey of life!

Adieu

On 25th Aug 2025, as we assemble at ISA Mount Abu - one more last time- (future reunions being infrequent with lesser attendance with each passing year), we can mentally glance over the entire length of last fifty, years starting from this very Sardar (Patel) hall of ISA main building, training ground behind Rajputana Hotel Estate (RHE) & motherly comforts of RHE (trainee officers' hostel) after every gruelling training-day, to all four corners of the country & beyond, at different times, for different durations of time, performing differently, fetching us different kind of rewards & recognitions, rising to different levels in the career. We reminisce ourselves as college lads as we landed here, surprised with a quick look around to find all of us surrounded, not only by our progeny but also by their offsprings - what a pleasant satisfying feeling of professional & family-life in right proportion, for which we have our parents, our teachers at schools & colleges, our instructors & directing staff at the academy, to place our gratitude at their feet, while wishing the flag of the Force to always fly high, our hearts chant in unison 'Glory to the CRPF, long live 15th DAGOs'.
