	iv)	Marks secured in DIGP/Principal Assessment	50

	v)	Marks secured in out-door training performance (Jungle camp, Field firing & Battle inoculation)	50
TOTAL			1000

PROCEDURE TO DEAL WITH FAILURES :

The failures in 1st, 2nd, 3rd and 4th Periodical tests will be given extra coaching in own time/spare time for a fortnight and will be retested in particular subject. However failure in Midterm and Final tests will result into relegation that will take place only at two stages i.e.

i) The failure in Midterm test will be relegated to junior squads but ordinarily not more than twice during the entire period of the course. If recruit is to be relegated third time, Principal will himself examine him and assess as to whether the trainee is likely to become efficient member of the Force or otherwise. If the Principal comes to the conclusion that the candidate is not likely to achieve the required standard, he shall be finally warned in writing and given special coaching to come up to the required standard. If he still fails, the Principal will take necessary action to terminate his services under existing rules on the subject.

ii) A trainee who fails in the Final test will be given only one more chance. If he fails again he shall be discharged from the service with one month's notice or one month's pay in lieu thereof. But before the trainee takes second chance he will be given adequate training in the form of extra coaching.

COMPOSITION OF EXTERNAL B.O.O. FOR FINAL TEST

Presiding Officer	DIGP
Member- I	Commandant
Member-II	Commandant/2IC
