

6. E-Leave:

E-Leave was launched in 2023. This module integrates with Sambhav and PPMS, streamlining the leave application and approval process for CRPF personnel.

Features:

- **Electronic Applications:** Personnel can submit leave requests electronically through the system.
- **Faster Approvals:** Reduces the time required for leave approvals by eliminating manual routing and processing.
- **Transparency and Tracking:** Provides increased transparency into the leave approval process with real-time status updates.
- **Improved Planning:** Facilitates better leave management and planning for both individuals and CRPF units.
