Sambhav Mobile App :

Sambhav Mobile App was launched in July 2020. Sambhav serves as a one-stop platform for CRPF personnel (employees, veterans, and their families) to access various services and information.

Features:

- Information Dissemination: Provides updates, notifications, and alerts from CRPF.
- Integrated Services: Connects with CRPF systems like SELO (Service Event Logging Online), PPMS, PAY, SANTOS (transfer management), and APAR (performance appraisal).
- Personal Information Access: Allows personnel to view their Personal Information System (PIS) data, salary slips, tax assessments, individual orders, claim status, APAR reports, and contact details of unit officers.
- Content Library: Provides access to CRPF publications like magazines, manuals, gradation lists, course calendars, and learning content (videos).

Benefits:

- Improved accessibility of information and services for CRPF personnel anytime, anywhere.
- Increased transparency through real-time updates and information dissemination.
- Enhanced communication between CRPF and its personnel.
