a). All materials required to be used on works shall be got approved from the Estate Officer/ DIG, GC CRPF Rangareddy / Officer Commanding of Building in advance. In case of doubt on any material, DIG, GC CRPF Rangareddy wears the right to get the material test from Govt. approved labs/NABL.

b). The quoted rate should be inclusive of all taxes, levies, works contract taxes, duties etc.

c). All items to be used in this work should be branded and ISI. In this case, **LIST OF APPROVED MAKES** as mentioned in NIT may be followed. The items who's makes are not available in list of makes then the same will be decided by accepting officer on giving choice by tenderer (Minimum three (03) makes (ISI mark Only). The decision of Accepting Officer will be final and binding.

### 23. Procurement of Items

a. Tenderer before making any procurement he intends to incorporate in the work will get the makes approved in writing from Estate officer through Engineer-in-Charge. Estate officer may insist on submission of samples the tenderer intends to use in this particular CA. The cost of sample will be deemed to be included in the quoted price.

b. Tenderer will not make any purchase without the prior approval of make, if done so the store/items are liable to be rejected and CRPF will not be liable for any loss incurred on such account.

c. Estate officer or Engineer-in-Charge can reject a material/item/store which is of the correct make but of not of the correct specification as per relevant IS. Any loss on this account as well CRPF will not be liable.

### 24. Design mix for Road work

A) All the road work including BM/BC/re-carpeting will be commence only after the design mix of the sample produced by contractor and approved by the Estate officer with recommendation of Engineer in Charge .The design mix of the above will be obtained from IIT/NIT/Govt engineering college/Govt lab/NABL accredited Lab.

b) for any kind of road work, material from hot mix plant with automatic digital control panel will be only used , use of on site mixing or mini batching plant is strictly prohibited for any kind of road work. For any compelling circumstances if using of mini batching plant is unavoidable then on written certificate from estate officer the mini batching plant will be permitted with 10% reduction on quoted price of the BM/BC , which should be accepted and signed by the contractor.

# PARTICULAR SPECIFICATIONS

- 1. SCOPE OF WORKS: All work for **Re-carpeting of Patrolling track and Internal roads in GC CRPF, Rangareddy** as
- mentioned in Annexure-I / BOQ and prescribed in particular specifications is included in the scope of this contract.
- 1.1 GENERAL
- 1.1.1 Work under this contract shall be carried out in accordance with Annexure-I /BOQ, Particular Specifications and general specifications and other provisions in CPWD Schedule of Rates (here-in-after called DSR CPWD), read in conjunction with each other.
- 1.1.2 Term "General Specifications" referred to herein after as well as referred to in CPWD GCC (General Conditions of Contracts) shall mean the specifications contained in the CPWD Schedules.
- 1.1.3 General rules, specifications special conditions and preambles in the CPWD Schedule shall be deemed to be applicable to the work under this contract, unless specifically stated otherwise in these documents in which case the provision in these documents shall take precedence over the aforesaid provisions in the CPWD Schedule.
- 1.1.4 Where specifications for any item of work are not given in CPWD Schedule or in these particular specifications, specifications as given in relevant Indian Standard or as per code of practice shall be followed.
- 1.1.5 The provisions stipulated here-in-after which are not relevant to the scope of work described in Annexure-I shall be deemed to be treated as 'Blank'.
  - 1.2

1.2.1

#### SAMPLES OF MATERIALS

The contractor is advised to inspect samples of all the materials given herein-after which are displayed in the office of 2IC Engr/DC Engr/AC Engr, before submitting his tender. The contractor is deemed to have inspected samples and satisfied himself as to the nature and quality of materials which he is required to incorporate in the work, irrespective of the fact whether he inspects them or not. The materials to be incorporated in the work by the contractor shall conform to or shall be superior in quality to such of the samples, which shall comply in all respects with the specifications given here-in-after.

1.2.2 The contractor shall produce samples of all materials and shall obtain approval in writing from Estate Officer before he places bulk order for the materials for incorporation in the work. In respect of material for which samples are not kept or detailed specifications are not given here- in-after, the materials shall comply with latest relevant Indian Standard specifications whether listed in CPWD schedule or not. Materials having ISI mark shall be given preference over those not having ISI mark.

- 1.3 DISMANTLING AND DEMOLITION
- 1.3.1 Dismantling or demolition of any part of the structure shall be restricted to the minimum possible extent necessary for the work to be done. Any dismantling/demolition or taking down done in excess of the requirement either inadvertently or otherwise shall be made good by the contractor without any extra cost to the Govt. in approved construction practice so as to match with the adjoining structure.
  - 1.4 MAKING GOOD
- 1.4.1 The contractor shall be allowed payment only for the works actually ordered. Any damage caused to existing works or those under execution under this contract shall be made good by the contractor at his own expense. Any work done in excess of the work ordered in writing shall not be paid for.
  - 1.5 JOINTING WITH EXISTING WORK
- 1.5.1 Jointing of new works to the old existing works shall be done according to the best and approved engineering practice and payment of such works shall be deemed to be included in the item rate quoted by the contractor for the new works unless otherwise these are catered for separately in Annexure-I.
- 1.6 SHORING AND STRUTTING
- 1.6.1 It will be contractors own responsibility to provide shoring and strutting in accordance with CPWD Specification to prevent any sort of damages to any part of the structure or to the life during execution of works. Contractor shall be deemed to account for the above provision in his quoted rates and nothing extra shall be admissible on these accounts. In case of any damages or loss caused due to lack of above provisions/precautions or carelessness of his workman, the same shall be made good by the contractor at his own expense without any extra cost to the Govt.
  - 2. CEMENT

The cement shall not be issued under Schedule 'B'. Contractor shall procure the same under his own arrangement for the entire completion of the work. The specifications and other provisions laid down in CPWD schedules and relevant IS codes will be aplicable abnd will be read in conjuction

- 2.1 (A) TYPE OF CEMENT: The Cement shall be Ordinary Portland Cement (OPC) grade 43 (IS8112-1989) or Ordinary Portland Cement (OPC) grade 53 (IS-12269-1987) or Portland Pozzolana Cement (PPC) (IS: 1489- 1991 Part-I). While using the PPC, following precautions/ conditions shall be met with by the contractors at site :-
- (a) PPC shall meet the strength criteria as laid down in IS 8112-1989.
- (b) Both OPC & PPC shall not be permitted for use in the same building except for plaster and mortar. Also OPC of different grade shall not be permitted to be used in single independent element/member. The contractor shall submit following test certificate from the manufacturer of the cement for every batch of cement:-
- (i) The quality of fly ash is strictly as per IS 14989-2000 (Part I).
- (ii) Fly ash is inter-ground with clinker and not mixed with clinker.
- (iii) Dry fly ash is transported in closed containers and stored in silos. Only pneumatic pumping shall be used.
- (iv) The fly ash received from thermal power plant using high temperature combustion above 1000PP0PP C should be used.
- (v) The fly ash content in PPC shall be as per IS 1489-1999 (Part-I).(B) The contractor at the time of commencement of work shall intimate to in writing 2IC Engr/DC Engr/AC Engr regarding one type of cement, out of the types of cement mentioned in para 2.1(A) above, for incorporating in the work. Any change in use for type of cement thereafter shall only be allowed after the written approval of Estate Officer.

2. 2 **SOURCE OF PROCUREMENT**: - Cement shall be procured by the contractor under his own arrangement and at his own cost directly from any of the main producers of cement mentioned in NIT. For repair works, maintenance works and other works, where entire requirement of cement is less than 1200 bags, cement may be procured by the contractor either directly from one of the manufacturers mentioned in the NIT or from the plasticize distributors/ dealers of the manufacturer's mentioned in NIT but the contractor will have to submit test certificate of the batch issued by the main producers. The particulars of manufacturer of

#### Contract Cell, SZ

cement along with the date of manufacture shall be submitted by the contractor separately for every consignment of cement procured. Each consignment of cement procured by the contractor shall be recorded in the measurement book as "Not to be abstracted" and shall be supported with authentic Documents e.g. original purchase vouchers highlighting the makes, test certificates, batch Nos., quantity etc. The documents in support of the purchase of cement shall be recorded and verified by GE and site staff.

- 2.3 IDENTIFICATION: Marking of each cement bag shall be as per relevant IS code.
- 2.4 SCHEDULE OF SUPPLY:- Schedule of supply of cement shall be finalized by Contractor with the GE and shall be incorporated in CPM chart so that supply of cement is monitored in a way to avoid any delay in completion of the work. The complete requirement of cement will be worked out before making any RAR payment. Procurement of cement by the Contractor shall be completed sufficiently in advance of the date of completion. No extension of time will be

considered for non-availability of cement. Every Cement godown shall be provided with two locks on each door. The key of one lock of each door shall remain with the Engineer-in-Charge or his representative and that of other lock with the Contractor or his plasticize agent at site of work so that cement is removed from the godown only according to the daily requirement with the knowledge of both the parties. Cement for purpose of accounting shall be on the basis of numbers of bags. Minor variations in cement not more than 2% by weight of cement in a bag will be permissible for purpose of accounting of cement bags. However cement shall be incorporated in the work on actual weight basis where specified without any additional cost.

2.5 TESTING OF CEMENT: - The manufacturer will carry out the inspections and testing of cement in accordance with relevant BIS provisions. The contractor shall submit the manufacturer's test certificates in Original along with the test sheet giving the result of each physical test as applicable and the chemical composition of the cement or authenticated copy thereof, duly signed by the manufacturer with each consignment. However when the cement is from authorised dealers/distributers as per the provisions contained in clause 2.2 here-in-before, the contractor shall submit photocopy of manufacturer's test certificates duly certified by the authorized dealer/distributor through in lieu of original copy of the manufacturer's test certificates. The Engineer-in-charge shall record these details in the Cement Acceptance Register as given in NIT after due verification. The Estate Officer may also organize independent testing at random samples of every 250 MT of cement [If batch changes within 250 MT then testing of each batch has to be carried out) from the labs : TESTING OF MATERIALS as per IS: 3535-1986 (Method of Sampling Hydraulic Cement), IS: 4031 (Method of Physical test for Hydraulic Cement) and IS: 4032-1985 (Method of chemical analysis of hydraulic Cement). In case cement test result does not fall with-in the acceptable limits, respective consignment of cement shall be rejected

Cement). In case cement test result does not fall with-in the acceptable limits, respective consignment of cement shall be rejected and shall be removed by the contractor within 24 hours from the site. The cost of tests shall be borne by the contractor irrespective of status of the results and no claim shall be/to be entertained on this account and clause of GCC. Sample of cement from each consignment shall be collected by the Engineer-In-Charge and Estate Officer in accordance with IS: 3535-1986.

- 2.6 STORAGE OF CEMENT: The cement shall be stored over dry platform at least 20 cm high and in such a manner as to prevent deterioration due to moisture or intrusion of foreign matters. In case of store rooms, the stack should be at least 20 cm away from floors and walls. The stacking of cement shall not be more than 10 bags high. Inspection shall be carried out once a day by rep of Estate Officer associated with the work and rep of contractor. It shall be ensured that tested and untested Cement shall be segregated and stored separately with distinct identification. Not more than three months requirement shall be procured and held in stock toavoid its deterioration.
- 2.7 DOCUMENTATION: The Contractor shall submit original Vouchers and original manufacturer's test certificates from the manufacturer for the total quantity of Cement supplied under each consignment to be incorporated in the work. However when the cement is procured through authorize dealers/distributers as per the provisions contained in clause 2.2 here-in-before, the contractor shall be required to submit original purchase vouchers from the dealers alongwith photocopy of the purchase vouchers from the manufacturer's to the Estate Officer. All consignment received at the work site shall be inspected by the Estate Officer and documents verified before acceptance. The Original Vouchers and the Test Certificates shall be defaced by the Engineer-in-Charge and signed by the contractor showing CA No., Year and dated signature and kept on record in the office of Estate Officer duly authenticated and with cross- reference to the Control number recorded in the Cement acceptance register. The cement acceptance register will be signed by Insp/SI (Civil), Engineer-in-Charge, Estate Officer and the Contractor. The Accepting Officer may order a Board of officers for random check of cement and verification of connected documents. The entire quantity of all type of cement shall be suitably recorded in the measurement Book (Not to be abstracted) for record purposes before incorporation in the work and shall be signed by the Engineer-in-Charge and the Contractor.

#### 2.8 RECORD OF CONSUMPTION OF CEMENT

2.8.1 For the purpose of keeping a record of cement used, the contractor shall maintain a properly bound register serially numbered (all pages initialed against the numbering by the Engineer-In-charge) in the form approved by the Engineer-In-Charge showing daily quantity used in the work and balance in hand at the end of each day. The register shall be maintained with daily entries duly authenticated by the contractor or his authorized representative and engineer-in- charge.

#### 3. EXCAVATION AND EARTH WORK

3.1 EXCAVATION GENERAL

- 3.1.1 Excavation and earth work under this contract shall be as described in BOQ.
- 3.1.2 The measurement of excavation shall be as given in CPWD Schedules.
- 3.1.3 After execution of work and before handing over building/structure, the area around the building/structure to a width of 3 meter beyond the edges of plinth protection, ramps, steps, saucer drains etc. shall be dressed without extra cost to department. Spoil obtained from dressing shall be removed outside MD land, to a place notified for dumping debris by the local administration.
- 3.1.4 Boulder and stone if obtained from excavation for the entire work shall be sorted out and neatly stacked as directed by Engineer-in-Charge without any extra cost to the Govt. These boulders and stones shall be the property of contractor and recovery for the same shall be made from the contractor's payment @ Rs. 550.00 per cubic metre. Further the boulders/stones so obtained after breaking of same to the required sizes may be used by the contractors for the works provided the same meets the contract specifications and approved by the Estate Officer. The un-used boulders, stones shall be removed by the contractor outside MOD land. Cost of all the above provisions shall be deemed to be included in contractor's quoted rates & no claims whatsoever shall be entertained on this account.

Filling excavated earth in foundation trenches, in plinth and under floors shall be carried out as per CPWD Manual. Earth 3.2.1obtained from excavation and not approved for filling or surplus to the requirement shall be removed to a distance as specified in Clause 3.1 here in before, spread and leveled.

3.2.3 All filling will be spread in layers not exceeding 25 cm thick. Each layer will be watered and well rammed. Thickness of filling shown on drawing is after consolidation.

- 3.3 HARD CORE: Unless otherwise specified elsewhere or shown on drawings, hard core shall be of stones/boulders(broken to gauge) not exceeding 63 mm. Hard core shall be deposited, spread and leveled in layer not exceeding 15mm thick and watered, well rammed to a true surface and compacted. The consolidation thickness of the hard core specified or as indicated in the drawings, is the thickness after consolidation and where not specifically mentioned or shown in the drawings, it shall be considered 150mm consolidated thickness.
- 4. CEMENT CONCRETE
  - 4.1 MATERIALS
- 4.1.1CEMENT: Refer Particular Specifications clause 2 and other sub clauses here-in-above.
- Coarse and fine aggregate for cement concrete (PCC & RCC) : Refer CPWD manuals. 412
- Coarse aggregate for lime concrete shall be broken bricks as per Paras 4.5, 4.5.1, 4.5.2 of CPWD Schedules. The fine 4.1.2.1 aggregate shall be natural sand as for cement concrete.
- 4.1.2.2 Grading of coarse aggregate (Broken/crushed stone) unless otherwise specified shall be as follows: -
  - For all reinforced/plain cement concrete of thickness up to 25mm or under: 12.5mm graded
    - For all reinforced cement concrete work over 25 mm thick: 20 mm graded (ii)
    - (iii) For plain cement concrete over 25 mm and under 75 mm thick.: 20 mm graded
    - (iv) -do- but 75 mm thick & over : 40 mm graded 4.1.2.3 Grading of broken brick aggregate for lime concrete shall be as per CPWD Schedules.

4.1.2.4 Grading of fine aggregate (sand) shall be as per CPWD Schedules for grading Zone-III. Coarse aggregate up to 20 mm shall be machine-crushed stone and aggregate of size 40 mm and above shall be manually broken or machine crushed at the option of contractor. Fine aggregate (sand) shall be obtained from natural source.

#### 5. STEEL, IRON & ALUMINIUM WORK

- 5.1 Entire steel required for use in the work shall be arranged by the contractor and shall comply with the requirements of following specifications (Test certificate shall be produced as 'specified' in succeeding Paras) : -
  - (i) Structural Steel : Standard quality Fe 410-W (Gde E-250) quality A / quality B conforming to IS:2062-2006 (However for pricing of deviations, rates given in SSR for Fe- 410-W (Gde E-250) quality A shall be followed)
  - (ii) MS round Bars for reinforcement : IS:432 (Part-I) & (Part-2) (1982) Grade-I for bars
  - : Fe-290 (Gde E- 165) Steel conforming to IS: 2062-2006) fencing posts, railing, (iii) Hold Fasts, grills, guard bars, gates etc. unless otherwise specified or shown on the drawings. which do not constitute structural members
  - i. Reinforcement high strength
  - deformed bars of size 8 mm & above .: TMT bars Fe- 500/550 D Conforming to IS:1786:2000
  - ii. Galvanised Steel Sheets Conforming to IS:277-2003 :
  - (vi) Fabric reinforcement Conforming to IS: 1566-1982. :
- 5.2 GALVANISED STEEL WIRE : Galvanised steel wire for mattress shall be as specified in CPWD Schedules.
- 5.3 FABRIC REINFORCEMENT : Hard drawn steel wire fabric for reinforcement shall Conform to IS: 1566-1982. Wire fabric for general use such as fencing, window grills etc. shall conform to IS: 4948 all as per CPWD Schedules. The weight expanded metal shall be 4-kg/square of metre

5.4 PROCUREMENT, TESTING, DOCUMENTATION, STORAGE & SUPPLY ETC. STEEL AND IRON WORK

#### 5.4.1 GENERAL

- 5.4.1.1 Steel shall not be issued under Schedule B'. Contractor shall purchase the same from any of sources mentioned here in after for entire completion of work.
- 5.4.1.2 Reinforcement steel shall be high strength deformed steel bars produced by Thermo Mechanical Treatment Process (TMT steel bars of grade Fe-500/550 D) meeting all other requirements of IS:1786.-2006.
- 5.4.1.3 The ordinary quality or standard quality of steel shall be used at places as defined in Para
- 5.4.1 As per CPWD Specification unless otherwise shown on the drawings.
- 5.4.2 PROCUREMENT
- 5.4.2.1 Structural steel section shall be procured from main producer/primary producer as mentioned in NIT. In case of non availability with main producer/primary producers, the structural steel can be procured from approved secondary producers with a reduction of 5% (five percent) of the accepted rate of structural steel. In case of desired section of structural steel is not rolled/manufactured by main/primary producers, there shall be no price adjustment in use of structural steel procured from approved secondary producers.
- 5.4.2.2 The structural steel shall be purchased by the contractor from the storage depot of the main producers/primary producers/ secondary producers as per provisions contained herein before and not from their authorized agents/dealers.
- 5.4.2.3 Steel sections for railings, gates, fencing, guard bars, grills, steel chowkhats and holdfasts etc. which do not constitute structural members can be procured from main producers/secondary producers/BIS marked manufacturers or their authorized dealers without any price adjustment.
- 5.4.2.4 TMT steel bars manufactured by SAIL/RINL/TISCO/other primary producers as mentioned in NIT shall be procured directly from the manufacturer for the works.
- 5.4.2.5 GALVANISED IRON SHEETS & FABRIC REINFORCEMENT FOR

CONCRETE: These shall be procured directly from main producers/BIS marked manufacturers without any price adjustment.

- 5.4.2.6 Galvanized sheets & fabric reinforcement for concrete can be procured from authorized dealers of main producers in case the total requirement of steel is less than 5 tonne.
- 5.4.2.7 All finished steel shall be well and clearly rolled to the dimensions, sections, and weight specified. The finished material shall be reasonably free from cracks, surface flaws, laminations rough, jagged and imperfect edges and other harmful defects and shall be finished in a workman like manner.
- 5.4.2.8 Tolerance in size and weight of reinforcement bars shall not be more than specified in clauses CPWD Schedules.
- 5.4.3 TESTING OF MATERIALS

5.4.3.1 The contractor shall submit the manufacturers test certificate in original along with the test sheet giving the result of each mechanical test as applicable and the chemical composition of the steel or authenticated copy there of duly signed by the manufacturer with each consignment. The Engineer-in-Charge shall record these details in the Steel Acceptance Register, as given in NIT after due verification. The Estate Officer may also organize ....) independent testing of random samples of steel drawn from each and every lot.

#### INTEGRITY PACT

To,

Commandant (Engineer) Contract Cell, SZ HQr, CRPF, Hyderabad (Telangana), Pin no- 500005.

Sub: Submission of Tender for the work of .....

Dear Sir,

I/We acknowledge that CRPF is committed to follow the principles thereof as enumerated in the Integrity Agreement enclosed with the tender/bid document.

I/We agree that the Notice Inviting Tender (NIT) is an invitation to offer made on the condition that I/We will sign the enclosed integrity Agreement, which is an integral part of tender documents, failing which I/We will stand disqualified from the tendering process. I/We acknowledge that THE MAKING OF THE BID SHALL BE REGARDED AS AN UNCONDITIONAL AND ABSOLUTE ACCEPTANCE of this condition of the NIT.

I/We confirm acceptance and compliance with the Integrity Agreement in letter and spirit and further agree that execution of the said Integrity Agreement shall be separate and distinct from the main contract, which will come into existence when tender/bid is finally accepted by CRPF. I/We acknowledge and accept the duration of the Integrity Agreement, which shall be in the line with Article 1 of the enclosed Integrity Agreement.

I/We acknowledge that in the event of my/our failure to sign and accept the Integrity Agreement, while submitting the tender/bid, CRPF shall have unqualified, absolute and unfettered right to disqualify the tenderr/bidder and reject the tender/bid is accordance with terms and conditions of the tender/bid.

Yours faithfully

(Duly authorized signatory of the Bidder)

# To be signed by the bidder and same signatory competent / authorized to sign the relevant contract on behalf of CRPF. INTEGRITY AGREEMENT

This Integrity Agreement is made at..... on this ..... day of 2025

(Name and Address of the Individual/ firm/ Company) through......(Hereinafter referred to as the (Details of duly authorized signatory) "Bidder/Contractor" and which expression shall unless repugnant to the meaning or context hereof include its successors and permitted assigns)

#### Preamble

Whereas the Principal/Owner has floated the Tender (NIT No (here in after referred to as "Tender/ Bid") and intends to award, under laid down organizational procedure, contract for **Re-carpeting of Patrolling track and Internal roads in GC CRPF, Rangareddy** Here in after referred to as the "Contract".

ANDWHEREAS the Principal/ Owner values full compliance with all relevant laws of the land, rules, regulations, economic use of resources and of fairness/ transparency in its relation with its Bidder(s) and Contractor(s).

ANDWHEREAS to meet the purpose aforesaid both the parties have agreed to enter into this Integrity Agreement (hereinafter referred t-o as "Integrity Pact" or "Pact"), the terms and conditions of which shall also be read as integral part and parcel of the Tender/ Bid documents and Contract between the parties.

NOW, therefore, in consideration of mutual covenants contained in this Pact, the parties here by agree as follows and this Pact witnesses as under:

Article1: Commitment of the Principal/Owner

The Principal/Owner commits itself to take all measures necessary to prevent corruption and to observe the following principles:

No employee of the Principal/Owner, personally or through any of his/ her family members, will in connection with the Tender or the execution of the Contract, demand, take a promise for or accept, for self or third person, any material or immaterial benefit which the person is not legally entitled to.

The Principal/Owner will, during the Tender process, treat all Bidder(s) with equity and reason. The Principal/Owner will, in particular, before and during the Tender process, provide to all Bidder(s) the same information and will not provide to any Bidder(s) confidential/ additional information through which the Bidder(s) could obtain an advantage in relation to the Tender processor the Contract execution.

The Principal/Owner shall endeavour to exclude from the Tender process any person, whose conduct in the past has been of biased nature.

If the Principal/Owner obtains information on the conduct of any of its employees which is a criminal offence under the Indian Penal code (IPC)/ Prevention of Corruption Act,1988 (PC Act) or is in violation of the principles here in mentioned or if there be a substantive suspicion in this regard, the Principal/Owner will inform the Chief Vigilance Officer and in addition can also initiate disciplinary actions as per its internal laid down policies and procedures.

#### Article2: Commitment of the Bidder(s)/ Contractor(s)

It is required that each Bidder/ Contractor (including their respective officers, employees and agents) adhere to the high esthetical standards, and report to the Government/ Department all suspected acts of fraud or corruption or Coercion or Collusion of which it has knowledge or becomes aware, during the tendering process and throughout the negotiation or award of a contract.

The Bidder(s)/ Contractor(s) commit himself to take all measures necessary to prevent corruption. He commits himself to observe the following principles during his participation in the Tender process and during the Contract execution:

The Bidder(s)/ Contractor(s) will not, directly or through any other person or firm, offer, promise or give to any of the Principal/ Owner's employees involved in the Tender process or execution of the Contract or to any third person any material or other benefit which he/she is not legally entitled to, in order to obtain in exchange any advantage of any kind whatsoever during the Tender process or during the execution of the Contract.

The Bidder(s)/ Contractor(s) will not enter with other Bidder(s) into any undisclosed agreement or understanding, whether formal or informal. This applies in particular to prices, specifications, certifications, subsidiary contracts, submission or non- submission of bids or any other actions to restrict competitive or to cartelize in the bidding process. Competitiveness or to cartelize in the bidding process.

The Bidder(s)/ Contractor(s) will not commit any offence under the relevant IPC/PC Act. Further the Bidder(s)/ Contract(s) will not use improperly, (for the purpose of competition or personal gain), or pass on to others, any information or documents provided by the

Principal/ Owner as part of the business relationship, regarding plans, technical proposals and business details, including information contained or transmitted electronically.

The Bidder(s)/ Contractor(s) of foreign origin shall disclose the names and addresses of agents/ representatives in India, if any. Similarly, Bidder(s)/ Contractor(s) of Indian Nationality shall disclose names and addresses of foreign agents/ representatives, if any. Either the Indian agent on behalf of the foreign principal or the foreign principal directly could bid in a tender but not both. Further, in cases where an agent participates in a tender on behalf of one manufacturer, he shall not be allowed to quote on behalf of another manufacturer along with the first manufacturer in a subsequent/ parallel tender for the same item.

The Bidder(s)/ Contractor(s) will, when presenting his bid, disclose any and all payments he has made, is committed to or intends to make to agents, brokers or any other intermediaries in connection with the award of the Contract.

The Bidder(s)/ Contractor(s) will not instigate third persons to commit offences outlined above or be an accessory to such offences.

The Bidder(s)/ Contractor(s) will not, directly or through any other person or firm indulge in fraudulent practice means a willful misrepresentation or omission of facts or submission of fake/ forged documents in order to induce public official to act in reliance thereof, with the purpose of obtaining unjust advantage by or causing damage to justified interest of others and/ or to influence the procurement process to the detriment of the Government interests.

The Bidder(s)/ Contractor(s) will not, directly or through any other person or firm use Coercive Practices (means the act of obtaining something, compelling an action or influencing a decision through intimidation, threat or the use of force directly or indirectly, where potential or actual injury may be fall upon a person his/ her reputation or property to influence their participation in the tendering process).

#### Article 3: Consequences of Breach

Without prejudice to any rights that may be available to the Principal/ Owner under law or the Contractor its established policies and laid down procedures, the Principal/ Owner shall have the following rights in case of breach of this Integrity Pact by the Bidder(s)/ Contractor(s) and the Bidder/ Contractor accepts and undertakes to respect and uphold the Principal/ Owner's absolute right:

If the Bidder(s)/ Contractor(s), either before award or during execution of Contract has committed a transgression through a violation of Article 2 above or in any other form, such as to put his reliability or credibility in question, the Principal/ Owner after giving14 days' notice to the contractor shall have powers to disqualify the Bidder(s)/ Contractor(s) from the Tender process or terminate/ determine the Contract, if already executed or exclude the Bidder/ Contractor from future contract award processes. The imposition and duration of the exclusion will be determined by the severity of transgression and determined by the Principal/ Owner. Such exclusion may be forever or for a limited period as decided by the Principal/Owner.

2. Forfeiture of EMD/ Performance Guarantee/ Security Deposit: If the Principal/ Owner has disqualified the Bidder(s) from the Tender process prior to the award of the Contractor terminated/ determined the Contractor has accrued the right to terminate/ determine the Contract according to Article3(1), the Principal/ Owner apart from exercising any legal rights that may have accrued to the Principal / Owner, may in its considered opinion forfeit the entire amount of Earnest Money Deposit, Performance Guarantee and Security Deposit of the Bidder/ Contractor.

Criminal Liability: If the Principal/Owner obtains knowledge of conduct of a Bidder or Contractor, or of an employee or a representative or an associate of a Bidder or Contractor which constitutes corruption within the meaning of IPC Act, or if the Principal/Owner has substantive suspicion in this regard, the Principal/Owner will inform the same to law enforcing agencies for further investigation.

#### Article 4: Previous Transgression

The Bidder declares that no previous transgressions occurred in the last 5 years with any other Company in any country confirming to the anticorruption approach or with Central Government or State Government or any other Central/State Public Sector Enterprises in India that could justify his exclusion from the Tender process.

If the Bidder makes incorrect statement on this subject, he can be disqualified from the Tender process or action can be taken for banning of business dealings/ holiday listing of the Bidder/Contractor as deemed fit by the Principal/ Owner.

If the Bidder/Contractor can prove that he has resorted / recouped the damage caused by him and has installed a suitable corruption prevention system, the Principal/Owner may, at its own discretion, revoke the exclusion prematurely.

Article 5: Equal Treatment of all Bidders/Contractors/Subcontractors

The Bidder(s)/Contractor(s) undertake(s) to demand from all sub-contractors a commitment in conformity with this Integrity Pact. The Bidder/Contractor shall be responsible for any violation(s) of the principles laid down in this agreement/Pact by any of its Subcontractors/sub-vendors.

The Principal/Owner will enter into Pacts on identical terms as this one with all Bidders and Contractors.

The Principal/Owner will disqualify Bidders, who do not submit, the duly Signed Pact between the Principal/Owner and the bidder, along with the Tender or violate its provisions at any stage of the Tender process, from the Tender process. Article 6-Duration of the Pact

This Pact begins when both the parties have legally signed it. It expires for the Contractor/Vendor 30 Days after the completion of work under the contract or till the continuation of defect liability period, whichever is more and for all other bidders, till the Contract has been awarded

If any claim is made/lodged during the time, the same shall be binding and continue to be valid despite the lapse of this Pacts as specified above, unless it is discharged/determined by the Competent Authority, CRPF.

Article 7-Other Provisions

This Pact is subject to Indian Law, place of performance and Jurisdiction is the Headquarters of the Division of the Principal/Owner, who has floated the Tender.

Changes and supplements need to be made in writing. Side agreements have not been made.

If the Contractor is a partnership or a consortium, this Pact must be signed by all the partners or by one or more partner holding power of attorney signed by all partners and consortium members. In case of a Company, the Pact must be signed by a representative duly authorized by board resolution.

Should one or several provisions of this Pact turnout to be in valid; the remainder of this Pact remains valid. In this case, the parties will strive to come to an agreement to their original intensions.

It is agreed term and condition that any dispute or difference arising between the parties with regard to the terms of this Integrity Agreement / Pact, any action taken by the Owner/Principal in accordance with this Integrity Agreement/ Pact or interpretation thereof shall not be subject to arbitration.

#### Article 8-LEGAL AND PRIOR RIGHTS

All rights and remedies of the parties hereto shall be in addition to all the other legal rights and remedies belonging to such parties under the Contract and/or law and the same shall be deemed to be cumulative and not alternative to such legal rights and remedies aforesaid. For the sake of brevity, both the Parties agree that this Integrity Pact will have precedence over the Tender/Contract documents with regard any of the provisions covered under this Integrity Pact.

### GUARANTEE TO BE EXECUTED BY CONTRACTORS FOR REMOVAL OF DEFECTS AFTER COMPLETION IN RESPECT OF WATER PROOFING WORKS AND ATT

WHEREAS this agreement is supplementary to a contract (hereinafter called the Contract) dated ...... and made between the GUARANTOR of the one part and the Government of the other part, whereby the Contractor, inter alia, undertook to render the buildings and structures in the said contract recited completely water and leak-proof.

AND WHEREAS GUARANTOR agreed to give a guarantee to the effect that the said structures will remain water and leakproof for five years from the date of giving of water proofing treatment.

NOW THE GUARANTOR hereby guarantees that water proofing treatment given by him will render the structures completely leak-proof and the minimum life of such water proofing treatment shall be **five years** to be reckoned from the date after the maintenance period prescribed in the contract.

Provided that the guarantor will not be responsible for leakage caused by earthquake or structural defects or misuse of roof or alteration and for such purpose:

(a) Misuse of roof shall mean any operation which will damage proofing treatment, like chopping of firewood and things of the same nature which might cause damage to the roof;

(b) Alteration shall mean construction of an additional storey or a part of the roof or construction adjoining to existing roof whereby proofing treatment is removed in parts;

(c) The decision of the Engineer-in-Charge with regard to cause of leakage shall be final.

During this period of guarantee the guarantor shall make good all defects and in case of any defect being found, render the building water-proof to the satisfaction of the Engineer-in-Charge at his cost, and shall commence the work for such rectification within seven days from the date of issue of the notice from the Engineer-in-Charge calling upon him to rectify the defects, failing which the work shall be got done by the Department by some other contractor at the GUARANTOR'S cost and risk. The decision of the Engineer-in-Charge as to the cost, payable by the Guarantor shall be final and binding.

That if GUARANTOR fails to execute the water proofing or commits breach thereunder then the GUARANTOR will indemnify the Principal and his successors against all loss, damage, cost, expense or otherwise which may be incurred by him by reason of any default on the part of the GUARANTOR in performance and observance of this supplementary agreement. As to the amount of loss and/or damage and/or cost incurred by the Government the decision of the Engineer-in-Charge will be final and binding on the parties.
