केन्द्रीय रिजर्व पुलिस बल के 80000 कार्मिकों द्वारा राष्ट्रीय अंगदान दिवस पर अंगदान की शपथ

के.रि.पु.बल मृत्यु पर्यंत तक देश की सेवा करने के लिए प्रतिबद्ध है, के.रि.पु.बल ने ओआरबीओ (ORBO), एम्स (AIIMS) के साथ मिलकर बड़े पैमाने पर 'ई-संजीवनी' नामक अंगदान अभियान शुरू किया। इस अभियान की शुरुआत स्वतंत्रता दिवस 2020 की पूर्व संध्या पर हुई और इसका समापन दिनांक 27 नवम्बर को राष्ट्रीय अंगदान दिवस के अवसर पर हुआ। बहुत ही कम समय में इस बहादुर बल के 80000 कार्मिकों के साथ-साथ उनके परिवारों के सदस्यों ने भी अंगदान करने की शपथ ली।

डॉ. हर्षवर्धन केन्द्रीय स्वास्थ्य एवं परिवार कल्याण मंत्री महोदय ने वेबीनार के माध्यम से इसके लिए बल की भूरि-भूरि प्रशंसा की है। इस अभियान के साथ बहुत ही कम समय में इतनी बड़ी संख्या में व्यक्तियों के जुड़ने के कारण मंत्री महोदय ने के.रि.पु.बल और ORBO एम्स नई दिल्ली की सराहना की। मंत्री महोदय ने इस प्रयास को प्रेरणादायक एवं अभूतपूर्व बताया। उन्होंने यह भी कहा कि CRPF न केवल आंतरिक सुरक्षा की ड्यूटियों का बखूबी निर्वहन कर रही है अपितु मानवीय संवेदना एवं जनकल्याणकारी कार्यों में भी महत्वपूर्ण भूमिका अदा कर रही है। यह बल देश की रक्षा करने के साथ-साथ नागरिकों को इस पुण्य कार्य के लिए प्रेरित कर रहा है और अंगदान के प्रति देशभर में जागरूकता फैलाने के लिए दिनांक 22 नवम्बर, 2020 को साईक्लोथॉन रैली की गई जिसमें 5000 कि.मी. की दूरी तय की गई।

डॉ. ए. पी. माहेश्वरी, महानिदेशक, के.रि.पु.बल ने अभियान की सफलता पर प्रकाश डालते हुए बताया कि यह

हमारे लिए गर्व का विषय है कि इस पुण्य कार्य के लिए बल के कार्मिक और उनके परिवारों के सदस्य बड़ी संख्या में आगे आए और यह न केवल आंतरिक सुरक्षा की ड्यूटियों का बखूबी से निर्वहन कर रही है अपितु मानवीय संवेदना एवं जनकल्याणकारी कार्यों में भी समय की जरूरत के अनुरूप महत्वपूर्ण भूमिका निभा रही है।

डॉ. (प्रोफेसर) रणदीप गुलेरिया, निदेशक एम्स नई दिल्ली के.रि.पु.बल एवं ORBO को उनके परोपकारी प्रयासों के लिए धन्यवाद दिया और आशा व्यक्त की कि देश में अंगदान करने वाले और इनको प्राप्त करने वालों के मध्य की संख्या में अंतर नहीं रहेगा।

डॉ. (प्रोफेसर) आरती विज, हैड ORBO ने इस अभियान की सफलता पर कहा कि के.रि.पु.बल की महिला बटालियन ने महिला दिवस के अवसर पर भारत की पूर्व राष्ट्रपति श्रीमती प्रतिभा पाटिल के समक्ष अपने अंगदान करने की शपथ ली थी।

इस अभियान में जागरूकता फैलाने, आशंकाओं को दूर करने एवं अंगदान की स्वीकार्यता को ध्यान में रखते हुए सम्बोधित किया गया। अनेकों वेबीनार, सेमीनार, कार्यशालाएं और जागरूकता अभियान चलाए गए ताकि के.रि.पु.बल के कार्मिक इस महान कार्य के लिए स्वेच्छा से अंगदान करने हेतु प्रेरित किया जा सके। विधिवत् प्रतिज्ञा फार्म भर कार्मिक अपनी आँख, त्वचा, फेफड़े, हृदय, यकृत, अग्न्याशय, गुर्दे, हृदय के वाल्व, आँत और रक्त वाहिकाओं को स्वेच्छा से दान करने की इस परोपकारी, प्रेरणादायक मिशन का हिस्सा बन चुके हैं।

CRPF joins hands with Haryana Government for massive plantation

The Central Reserve Police Force the lead Internal Security force of the country has a culture of being in close affinity to nature and preserving it. Recently the Force surpassed its own target, of planting 22 lakh trees this year by planting 25 lakh trees in a matter of few months after the Union Home Minister Mr. Amit Shah commenced the Akhil Bhartiya Vriksharopan Abhiyaan. The force has now institutionalised its commitment by signing an MoU with the Haryana Govt which aims at creating a formal basis for cooperation and collaboration between CRPF and Forest Department, Govt of Haryana focussing on mission of Green India and to provide a healthy environment to its citizens. The online event which was attended by Dr. A.P. Maheshwari, DG CRPF, Dr. (Mrs) Amarinder Kaur, IFS, PCCF (HOFF), Haryana Govt and other senior officers from both the signatory parties.

Calling this MoU 'historic', Dr. Amrinder Kaur, IFS, Principal Chief Conservator of Forests cum Managing Director, Haryana Forest Development Corporation said that the impact of this initiative will be far-reaching and will be felt all over the country. She also said that the initiative will turn a forest deficient State into an example of afforestation.

In his address, DG CRPF expressed his happiness that yet again the force has successfully committed to a noble cause that will not only benefit us but will help in providing clean environment for the generations to come.

The MoU which laid foundation for this collaboration for next 7 years in 8 districts of Haryana was signed by, Sh. Rakesh Kumar, IG Northern Sector for CRPF and Sh. Vineet Garg, PCCF (CAMPA) for Govt of Haryana. The MoU will enable cooperation in massive plantation and maintenance/nurturing of the planted trees on Government land, Forest Land, Institutional land, Panchayat land, and Community land. Attuned with the new technology, the plantation will also be carried out by drones/ UAVs to increase green cover on significantly larger stretches of land.

CRPF establishes world class centre for its Divyang Warriors

Never leave our men behind'- CRPF's belief in this mantra is not just limited to battles, but the esprit de corps entails that CRPF does not leave its men behind in life too. It is this very belief that has manifested into CRPF's National Centre For Divyang Empowerment (NCDE)- a centre to skill and re-skill the Divyang Warriors of the force who suffered disability while serving the nation.

Shri G Kishan Reddy, Minister of State for Home Affairs inaugurated the NCDE at CRPF Group Centre Rangareddy, Telangana on 10th December, 2020. Established in proximity to Hyderabad, the centre will empower Divyang Warriors of the force

who suffered disability while serving the nation. While Divyang Warriors face extreme challenges physically and emotionally, their problems can be mitigated by providing them institutionalised help that will restore pride, self esteem, and confidence. This is exactly what the NCDE does-it skills Divyang Warriors for national and international para sports events and then re-skills them with vocational and Information Technology courses so that they can contribute in the organisation with pride and dignity. NCDE is equipped with world class facilities attuned and customized to the need of the Divyangs. In addition to high-tech IT lab and sports paraphernalia,

the centre has a state of the art gym, an ambiently pleasant lounge for relaxing and recuperating, sauna and steam treatment infrastructure, Physiotherapy room, e-library, recreation zone, meditation space, etc.

While the Para Sport training will prepare the Divyang Warriors for national and international sports competitions, they will also be skilled in the field of Information Technology and vocational courses by prestigious institutions like IIT Hyderabad, BITS etc. This will enable them to serve the nation as Cyber Warriors.

Congratulating the Force for this noble initiative, the minister in his address said that this centre is a salute to all the Bravehearts who have kept the nation and its citizen before themselves and their families.

Dr A.P. Maheshwari, DG CRPF recounted how this initiative got further encouragement when the Ministry of Home Affairs, Government of India's declared 2020 as "**Manav Samvedana Varsh**" for all CAPFs. He assured that the force will continue to work towards the welfare of Divyang Warriors.

The history of CRPF is replete with exemplary bravery and insurmountable courage displayed in its service to the nation. Numerous Bravehearts have made supreme sacrifice and many have suffered serious injuries to pay the price for this glory and success. An indebted nation and a proud force salutes its Bravehearts by providing the Divyang Warriors the appreciation, confidence, and support they need in the form of NCDE.

ARMA

The CRPF Academy started in 2005 with the mandate to impart basic training to the Directly Appointed Gazetted Officers of CRPF. With the growing complexity of internal security scenario, an officer is to be trained with high standards of physical mental and professional skills like Firing skills. As part of this endeavour a project entitled ARMA 'शस्त्र शक्ति' was designed. ARMA encompasses a cross cut view of all components of weapons, ammunitions, munitions, grenades, bombs and their mechanism through condemned/used items (recycled phenomenon) and the same was inaugurated at CRPF Academy on 09th September' 2019. The project proved to be a training multiplier in terms of conceptual understanding of the key subject of weapons/arms/ammunitions. ARMA was constructed on the basis of utilising condemned/used items. All weaponries showcased are mostly condemned. Ammunitions, Munitions, Grenades and Bombs employed for the purpose of mechanism and cross cut views are either Unexploded Ordinances (UXOs) or remnants of exploded ones, fetched from the field and then assembled for display.

वर्षा जल संचयन:

पश्चिमी सेक्टर

मानव अस्तित्व को बनाए रखने के लिए 'जल' एक प्रमुख प्राकृतिक संसाधन है। यह न केवल मानव जीवन के लिए महत्वपूर्ण है बल्कि नैसर्गिक एवं जैविक प्रक्रियाओं के लिये भी आवश्यक है। 'जल' इस धरती का सबसे महत्वपूर्ण प्राकृतिक संसाधन है। यहाँ पर जल से तात्पर्य समुद्र के पानी से नहीं बल्कि पीने लायक मीठे पानी के स्रोतों अर्थात् नदियों, झरनों, तालाबों, कुओं तथा ग्लेशियरों इत्यादि से है।

विदित हो कि पृथ्वी पर केवल 3 प्रतिशत पानी ही पीने योग्य है जिसमें से 2.4 प्रतिशत ग्लेशियरों और उत्तरी तथा दक्षिणी ध्रुव में जमा हुआ है और केवल

0.6 प्रतिशत पानी नदियों, झीलों और तालाबों में है, जिसे इस्तेमाल किया जा सकता है। एक अनुमान के अनुसार पृथ्वी पर कुल 32 लाख करोड़ 60 लाख खरब गैलन पानी है।

परन्तु, जलवायु परिवर्तन, बढ़ते प्रदूषण, पर्यावरण क्षति व पानी की बर्बादी के कारण भू-जल स्तर बड़ी तेजी से घट रहा है। ग्लेशियर तेजी से पिघल रहे हैं। हमारे देश में हर साल बारिश के पानी का एक बहुत बड़ा हिस्सा छोटी-छोटी नदियों के माध्यम से एकत्रित होकर समुद्र में जा मिलता है। अगर इस पानी को हम इकट्ठा कर लें, संचित कर लें

तो साल भर की होने वाली पानी की कमी को कुछ हद तक पूरा कर सकते हैं। इससे जमीन के भूजल स्तर को भी बनाए रखने में मदद मिलेगी तथा उतार-चढ़ाव वाले जलवायु परिवर्तन में

स्थिरता आ सकेगी। वर्षा जल संचयन का तात्पर्य पुनः उपयोग के लिए जल संग्रहण से है। जल संरक्षण का एक सबसे बेहतर तथा कारगर उपाय वर्षा जल संचयन (Rain Water Harvesting) है। बारिश के पानी को प्राकृतिक जलाशय या कृत्रिम टैंकों में एकत्रित कर इसे विभिन्न उद्देश्यों के लिए बाद में इस्तेमाल करने से है। इसका उपयोग सिंचाई, उद्यान, घरेलू उद्देश्यों, पशुधन तथा पीने के पानी

और भूजल भंडारण के रूप में भी किया जा सकता है।

केरिपुबल की बहुआयामी भूमिका

तैनाती वाले क्षेत्रों में कानून व्यवस्था कायम रखने के साथ-साथ स्थानीय जनमानस के विकास में, उनकी उन्नति में व उनके जीवन स्तर को बढ़ाने में 'केरिपुबल' अहम भूमिका निभाता चला आ रहा है।

उच्च सैन्य व्यावसायिक निपुणता के साथ-साथ अपने सामाजिक उत्तरदायित्व को भी भली-भाँति समझता है एवं उसका निर्वहन करता आया है। प्राकृतिक आपदा हो या आपदा जैसी चुनौती हो, पर्यावरण की सुरक्षा हो, स्वच्छता हो या अन्य जागरूकता कार्यक्रमों की बात हो, बल ने समस्त गतिविधियों / कार्यों में उच्च मानव मूल्यों के साथ बढ़-चढ़कर हिस्सा लिया है। अभी हाल ही में बल द्वारा देश भर में चलाए गए वृक्षारोपण अभियानों की माननीय प्रधानमंत्री जी द्वारा सराहना की गई है तथा बल को 'नेचर वोरियर' की संज्ञा दी गई है जो बल के लिए गर्व और सम्मान का विषय है। वर्ष 2020 में वर्षा ऋतु में पश्चिमी सेक्टर मुख्यालय एवं अधीनस्थ विभिन्न संस्थान / कार्यालयों तथा बटालियनों द्वारा कुल 3,01,245 पौधों का रोपण किया गया है साथ ही 16,552 वृक्षों को पुनर्जीवित किया गया है। कोविड महामारी में भी बल ने सेवा भावना की उत्कृष्ट मिसाल पेश की है।

बल ने पानी के संरक्षण को लेकर भी कई कार्य किए हैं। प्रायः टी.वी. पर समाचार पत्रों में शहरों में पानी के लिए घंटों खड़ी महिलाओं की लंबी-लंबी कतारें, सूखे से आत्महत्या करते

किसान, पानी की तलाश में भटकते लोग, रेलगाड़ी के माध्यम से दूर-दूर पानी पहुँचाती तस्वीरे देखने व सुनने को मिलती हैं जो हर किसी को क्षुब्ध करती हैं। ये सिर्फ देखकर भूल जाने वाली खबरें नहीं हैं बल्कि भविष्य के लिए गंभीर संकट की आहट है। केरिपुबल जो स्वयं ऐसे वेदनाओं से आहत होता रहता है, जल के महत्व एवं जल संकट को गंभीरता से लेते हुए सरकार के "जल शक्ति अभियान" एवं "Catch the Rain" अभियानों से प्रेरित केरिपुबल महानिदेशालय के दिशा-निर्देश पर वर्ष, 2020 में सेक्टर के परिचालनिक क्षेत्राधिकार के अंतर्गत अलग-अलग स्थानों पर जल प्रबंधन जैसे चुनौतीपूर्ण कार्य करने का न केवल संकल्प लिया बल्कि कई प्रकल्प स्थापित किए गए हैं। आज हम 'वर्षा जल संरक्षण' संबंधी एक ऐसे ही विषय को लेकर पश्चिमी सेक्टर, केंद्रीय रिजर्व पुलिस बल द्वारा अलग-अलग स्थानों में किए जा रहे कुछ अभिनव कार्यों की झलकियाँ लेकर उपस्थित हैं।

गुप केंद्र पुणे

गुप केंद्र, केन्द्रीय रिजर्व पुलिस बल, तलेगाँव दाभाडे, पुणे (महाराष्ट्र) सह्याद्री की पर्वतश्रृंखला की कोख में बहुत ही निसर्गमय वातावरण में स्थित है तथा कैम्प जमीनी समतल से ऊँचे स्थान पर होने के कारण बारिश का पानी बहकर सीधे नदी-नालों में जा मिलता था। वर्तमान जल संकट को देखते हुए भविष्य में इस निसर्गमय वातावरण के धीरे धीरे कम होने का डर था तथा ऐसे में उचित जल संचयन करना अत्यावश्यक हो गया था। अतः कैम्प में उपलब्ध प्राकृतिक, नैसर्गिक एवं कृत्रिम संसाधनों की सहायता से वर्षा जल संग्रहण विधि के तहत भूमि जल बांध (कृत्रिम तालाब) एवं छत वर्षा जल (Rain Water) संग्रहण की योजना बनाई गई।

(1) भूमि जल बांध (कृत्रिम तालाब) :-

पहाड़ की तलहट में स्थित कैम्प में ढलान व नालों के माध्यम से व्यर्थ जा रहे जल को बचाने के उद्देश्य से उपलब्ध यंत्र, संसाधन, सामग्री, अधिकारियों के कुशल मार्गदर्शन एवं जवानों की अथक मेहनत की सहायता से वर्षा जल संचयन (रेन वाटर हार्वेस्टिंग) योजना के अंतर्गत

भूमि जल बांध (कृत्रिम तालाब) का निर्माण किया गया। यह भूमि जल बांध (कृत्रिम तालाब) 65 मीटर लंबा, 35 मीटर चौड़ा एवं

1.55 मीटर गहरा अर्थात् कुल 3526 क्यूब मीटर का बनाया गया है तथा पानी संचयन की क्षमता 35,00,000 लीटर है।

वर्तमान में इस भूमि जल बांध (कृत्रिम तालाब) में पहाड़ों

की ओर से आ रहे ढलान तथा तीन नालों से पानी जमा हो गया है तथा इसमें अपनी पूर्ण क्षमता में जल भरा हुआ है। इस जल का प्रयोग पेड़, पौधों, बगीचे तथा

कैम्प को साफ-सुथरा व हरा-भरा बनाए रखने के लिए किया जा रहा है। इसका उद्देश्य न केवल कैम्प की नैसर्गिक सुंदरता, हरियाली व स्वच्छता को बनाए रखना है बल्कि उसे अधिक मनोरम एवं एक मनमोहक परिदृश्य में ढालना है।

(2) छत वर्षा जल संग्रहण :-

उपलब्ध यंत्र, संसाधन, सामग्री, अधिकारियों के कुशल मार्गदर्शन एवं जवानों की अथक मेहनत की सहायता से कैम्प में स्थित कुछ बड़ी इमारतों को चिह्नित कर उनके छत का उपयोग करके जल संचयन तकनीक अपनायी गई है। इमारतों की छतों पर इकट्ठा हुए वर्षा जल को पी.वी.सी.

पाईप के माध्यम से 5000 लीटर की क्षमता वाली पानी की टंकी में संचित किया गया है। इस प्रकार से कुल 8 टंकियाँ लगाई गई हैं तथा इन सभी में कुल 40,000 लीटर पानी का संचयन किया गया है। इस संचित पानी का उपयोग भी पेड़, पौधों, बगीचे तथा कैम्प को साफ-सुथरा बनाए रखने के लिए किया जा रहा है।

इसका उद्देश्य न केवल कैम्प की नैसर्गिक सुंदरता, हरियाली एवं स्वच्छता को बनाए रखना है बल्कि जल संरक्षण के महत्व के बारे में जागरूकता भी लाना है।

गुप केंद्र नागपुर

गुप केंद्र नागपुर का परिसर महाराष्ट्र राज्य के पूर्वी क्षेत्र और भारत के मध्य भाग में स्थित है। हालांकि इस क्षेत्र में बारिश की कमी नहीं होती है और जून की शुरुआत से सितंबर तक बारिश का मौसम बना रहता है, परंतु अत्यधिक आधुनिकीकरण और शहरीकरण के कारण जमीनी जलस्तर शनैः शनैः नीचे जा रहा है। जमीनी जलराशि के दोहन को कम कर जलस्तर को बढ़ाने के लिए सरकार के प्रयासों को आगे बढ़ाते हुए गुप केंद्र नागपुर द्वारा भी कैम्पस में विभिन्न उपाय किए गए हैं।

1. वर्षा जल संग्रहण

गैर आवासीय भवनों में वर्षा जल संचयन हेतु 5000 लीटर की क्षमता वाली पानी की 12 टंकियां स्थापित की गई हैं। इन टंकियों को छत पर वर्षा जल संचयन की सही व्यवस्था करने हेतु प्लास्टिक की पाइपों से जोड़कर लगाया गया है। जवानों द्वारा आसानी से प्रयोग किए जाने हेतु प्रत्येक टंकी में दोनों ओर दो-दो नल लगाए गए हैं। यह प्रयोग पहली ही बारिश में बहुत कारगर रहा है। सभी टंकियां स्वच्छ वर्षा जल से पूरी तरह से भर गई हैं और इसके जल का नित्य प्रयोग वर्षाकाल में लगाए गए पौधों को सीचने और अन्य कार्यों के लिए किया जा रहा है।

2. तालाब निर्माण

गुप केंद्र परिसर में वर्षा जल संचयन हेतु दो अलग-अलग स्थानों पर जेसीबी की मदद से कुल 3.75 लाख लीटर क्षमता के दो तालाब निर्मित किए गए हैं। इन तालाबों की वजह से न केवल प्राकृतिक तरीके से जमीनी जल के स्तर को बढ़ाने में मदद मिल रही है बल्कि समय पड़ने पर इसे सामान्य प्रयोग हेतु भी उपयोग में लिया जा सकता है। इसके अलावा, वर्षा जल के समुचित संचयन हेतु दो आर्टीफिशियल रिचार्ज पिट भी बनाए गए हैं।

09 बटालियन

09 बटालियन केरिपुबल नक्सल प्रभावित क्षेत्र में प्राणहिता पुलिस कैम्प, अहेरी, जिला गडचिरोली में स्थित है। बटालियन की कंपनियां अलग-अलग स्थानों पर स्थित हैं एवं जल संचयन के कई कार्य किए गए हैं।

1. 'डी' कंपनी के जिम्मेदारी क्षेत्र में ग्राम-राजाराम में एवं 'एफ' कंपनी जिम्मेदारी क्षेत्र में ग्राम-कमलापुर में बटालियन द्वारा एक तालाब निर्मित किया गया है जिसके माध्यम से स्थानीय ग्रामवासी अपनी पेयजल के अतिरिक्त अन्य जरूरतों को पूरा कर रहे हैं।

2. 'जी' कंपनी के जिम्मेदारी क्षेत्र में ग्राम-मेडपल्ली में बटालियन द्वारा 40.70 मीटर लंबा 12.5 मीटर चौड़ा तथा 03 मीटर गहरा एक तालाब निर्मित किया गया है जिससे स्थानीय ग्रामवासी अपनी पेयजल के अतिरिक्त अन्य जरूरतों को पूरा कर रहे हैं। कंपनी कैम्प के पास ही एक प्राकृतिक तालाब भी है जिसकी बटालियन द्वारा अपने संसाधनों से साफ-सफाई करवाई जाती है। इसमें नौकायान, मत्स्य पालन व सिंघाड़ा की खेती भी स्थानीय लोग करते हैं। यह तालाब विशाल तटबन्धों से घिरा होने के कारण एक छोटे पर्यटन स्थल का भी बोध कराता है।

37 बटालियन

महाराष्ट्र के अत्यंत नक्सल प्रभावित क्षेत्र गडचिरोली जिले में जहां अत्यधिक वनक्षेत्र एवं वर्षा वाला क्षेत्र हैं इसके बावजूद भी, स्थानीय जनता वर्षा ऋतु के पश्चात पानी के लिए दर-दर भटकने को मजबूर हो जाती है। इसे देखते हुए, जिले में

तैनात बटालियन ने आदिवासी जनता को वर्षा जल संचयन से पानी की समस्या से किस प्रकार निजात पायी जा सकती है इसके महत्व के बारे में समझाया ही नहीं, बल्कि सिविक एक्शन कार्यक्रमों के तहत आबंटित निधि से कई सुदूर गावों में वर्षा जल संचयन प्रकल्प स्थापित किए तथा गावों की जल समस्या को दूर कर उन्हें सुजलाम – सुफलाम भी बनाया है। 37 बटालियन के.रि.पु.बल के जवानों द्वारा नक्सल प्रभावित क्षेत्र अहेरी, जिला गडचिरोली में 19 लाख लीटर पानी की क्षमता वाले तालाब का निर्माण किया गया है जो वर्षा ऋतु में लबालब भर गया है। इस तालाब के निर्माण होने से वहाँ पर आसपास भू-जल रिचार्ज हुआ और कई सूखी पड़ी बोर वेल्स पुनः शुरू हो गई हैं।

113 बटालियन

113 बटालियन द्वारा, ग्राम मेंढालेखा, गडचिरोली में 90X70 मीटर तथा रेवेन्चू कॉलोनी में 20X50 मीटर के आकार के 20' गहरे तालाबों का निर्माण किया गया है तथा इन तालाबों में प्रचुर मात्रा में जल का संचयन हुआ है। ग्रामीण इस पानी का उपयोग अपने मवेशियों के पीने के लिए तो करते ही हैं साथ में इसमें मछली पालन का भी काम कर रहे हैं।

191 बटालियन

191 बटालियन द्वारा नक्सल प्रभावित क्षेत्र गांव-करीम, महसील-एटापल्ली, जिला गडचिरोली में वर्षा जल संचयन हेतु योजनाबद्ध तरीके से एक मशीन लगाकर मौजूदा तालाब को अधिक गहरा कर एक बांध का निर्माण किया गया ताकि अधिक से अधिक बारिश के पानी को संचित कर भू-जल स्तर को बढ़ाया जा सके। इसके अलावा इस पानी का उपयोग कृषि कार्य में हो सके और जंगली जानवरों,

पशु-पक्षियों को बारह मास विशेषकर गर्मियों में पीने के लिए पानी उपलब्ध हो सके। बटालियन द्वारा किए गए इन कार्यों से ग्रामीणों को बड़ी राहत मिली है तथा जमीनी स्तर पर इसके लाभ को महसूस किया जा रहा है।

192 बटालियन

192 बटालियन द्वारा गाँव – वड़साखुर्द, एटापल्ली, जिला गडचिरोली में एक तालाब का निर्माण किया गया है। इस तालाब के निर्माण से एक ओर जहां आसपास की भूमि का जल स्तर बढ़ा है वहीं दूसरी ओर ग्रामीणों की आर्थिक उन्नति का जरिया भी बन गया है। आसपास के गाँव वाले इस पानी का उपयोग कृषि कार्य व अपने पालतू पशुओं के पीने के लिए कर रहे हैं।

100 बटालियन द्रुत कार्य बल

तथा स्व-सहायता आधार पर कृत्रिम रिचार्ज उपाय भी किए गए हैं।

100 बटालियन, द्रुत कार्य बल अहमदाबाद द्वारा कैम्प के अंदर बारिश जल संचयन प्रणाली का निर्माण किया गया है

102 बटालियन द्रुत कार्य बल

102 बटालियन द्रुत कार्य बल तलोजा नवी मुंबई द्वारा कैंप में वर्षा जल संचयन के लिए एक कृत्रिम तालाब का निर्माण कैंप के अनुपयोगी सामग्री (पत्थर व रेत) से किया गया है। इस तालाब का क्षेत्रफल 90X34X6 फुट है जिसमें बारिश का पानी संचयन करने के लिए पाईप द्वारा नाली से जोड़ा गया है ताकि नाले से बहने वाले बारिश के पानी को तालाब में एकत्रित किया जा सके। जमीन में पानी संरक्षित करने के लिए तालाब के मध्य में तीन

स्थानों पर 04 फुट ऊँचा और 04 फुट आयाम के सीमेंट पाईप स्थापित किए गए हैं। जब तालाब पानी से 04 फुट भर जाता है तो उसके पश्चात

तालाब के मध्य में बने सीमेंट पाईप द्वारा पानी जमीन में दबाव से अपने आप चला जाता है। इसके साथ ही कैंप के पूर्व में प्राकृतिक तालाब भी उपलब्ध है जिसमें ज्यादा से ज्यादा बारिश का पानी एकत्रित किया जाता है और कैंप परिसर के जमीन में पानी का स्तर बढ़ाने के निरंतर प्रयास किए जा रहे हैं। परिणामस्वरूप, कैंप में स्थित बोरवेल एवं अन्य पानी के स्रोतों का जल स्तर बढ़ा है।

जल संचयन हमें जल सुरक्षा की गारंटी देता है तथा पर्यावरण संवर्धन और जमीन संरक्षण के लिए भी बहुत उपयोगी है :-

- ये भूमि जलस्तर को गिरने से बचाने में बड़ी भूमिका निभाता है और उसे सुधारने में मदद करता है।
- जलवाही स्तर में जल की गुणवत्ता को सुधारने में ये मदद करता है।
- ये लोगों के बीच में जल संरक्षण की पुरानी परंपरा जैसे सतह और छतों के पानी बहने या बर्बादी से बचा कर रखना। दोनों ही तरीकों से भूमि जलस्तर को बढ़ाने में मदद मिलती है साथ ही विभिन्न जरूरतों को पूरा करने के लिये जल आपूर्ति की एक सस्ती और आसान तकनीक है।
- ग्रामीण क्षेत्रों में घरेलू या व्यक्तिगत असुरक्षा को घटाने में वर्षा जल संचयन व्यवस्था मदद करती है।

- शहरी बाढ़ नियंत्रण में ये मदद करता है अगर लोग छतों से बारिश के पानी को इकट्ठा करते हैं।
- फ्लोराईड, नाइट्रेट्स और इसकी लवणता को कम करने के द्वारा जमीन के पानी की गुणवत्ता को सकारात्मक रूप से प्रभावित करके बारिश का पानी जमीन में दुबारा चार्ज हो जाता है।
- इसके पास लगभग निष्पक्ष pH और शून्य कठोरता होती है जो इसे घरों, उद्योगों, संस्थानों और दूसरे वाणिज्यिक अधिष्ठानों में अधिक इस्तेमाल करने के लायक बनाता है।
- ये सार्वजनिक जल आपूर्ति स्रोतों की चिंता को कम कर सकता है।
- जमीन से बारिश के पानी के पुनर्भरण से तटीय क्षेत्रों में ताजे पानी के स्रोतों में सागरीय जल निमज्जन से बचाता है।

इस तरह, पश्चिमी सेक्टर केरिपुबल के परिचालनिक क्षेत्राधिकार के अंतर्गत स्थित विभिन्न कार्यालयों द्वारा वर्षा जल संचयन को लेकर प्रभावी व अनुकरणीय कार्य किए गए हैं। इन प्रयासों से यह भी स्पष्ट होता है कि जागरूकता व दृढ़ इच्छाशक्ति की बदौलत सूखे की विकट परिस्थितियों व चुनौतियों से भली-भांति पार पाया जा सकता है। आज भारत ही नहीं दुनिया के बहुत से देश पानी की कमी से जूझ रहे हैं। एक अध्ययन के मुताबिक 21वीं शताब्दी के दूसरे दशक में, 30 करोड़ से अधिक लोग भारत के विभिन्न क्षेत्रों में पेयजल की प्राप्ति हेतु संघर्ष कर रहे हैं। पेयजल के साथ-साथ दैनिक कार्यों की पूर्ति हेतु वांछनीय पर्याप्त जल की अनुपलब्धता भारत के सामने आने वाली सबसे बड़ी समस्याओं में से एक है। ऐसे में हम सभी को जल संचयन के कार्यों को पूरी गंभीरता से लेना होगा तथा जागरूकता लानी होगी तभी खुशहाल और समृद्ध भारत का सपना साकार हो सकेगा। जल संरक्षण हमारा दायित्व ही नहीं कर्तव्य भी है। ऐसे में पश्चिमी सेक्टर केरिपुबल का यह प्रयास निश्चित रूप से हमारे बल की ओजस्वी कार्य करने की परंपरा को नया आयाम देता है। हमें अपने इस महान बल के देशहित में कार्य करने की दृढ़ इच्छाशक्ति पर नाज है।

Innovation in Training: Few Perspectives

INTRODUCTORY OBSERVATIONS

Unprecedented social, cultural, legal, political, economic and technological changes within society require a host of new competencies beyond those imparted in our police training centres. Police personnel of all ranks require training at the appropriate time in their careers. They need to be engaged in a continual re-examination of their role. This cannot be achieved unless police leadership incorporates the latest concepts and practices in subjects as varied as criminology, sociology, cyber security, terrorism studies, criminal justice jurisprudence and organisational behaviour. Despite the fact that traditional training does a good job of developing technical and procedural skills, it can be safely argued that the linear and prescriptive nature of this model does not promote the acquisition of essential non-technical competencies such as democratic values, constitutionalism, and ethical decision making.

In the succeeding paragraphs, we have identified few perspectives that would help in finetuning the performance of training centres.

Continuous Refinement in Basic Training:-

The primary mandate of any training institution is the conduct of basic training. The institution must undertake regular review of syllabus/test policies through a Board which has representation from field formations also. The institution must establish formal network with field formations in making needful refinements, modifications etc in terms of tactics & techniques, relevant aspects on command factors etc as and when required. Faculty visits to conflict zones/undertaking case studies etc are a must. Integration with specialist institutions like forensic lab, IED school Pune, RAPO in Meerut, other police training Academies, Centre of Excellence Schools etc must

be in place. The institution must obtain feedback of their trainees from concerned Commanding Officers on regular basis till completion of their probation. Faculty mentoring must be extended for at least one year after pass out. Informal groups can be established so that trainees continue to remain connected with the training institution.

Enhanced Role of Trainers:-

Trainers in any training institution inevitably operate in complex environments that present new challenges and opportunities. Nevertheless, they still must meet standards that have not changed, such as engaging participants, creating an environment that encourages learning, risk taking, practice and checking for understanding. Most important, trainers enhance organisational capacity- one trainee at a time. Trainer's effectiveness can be enhanced significantly when they understand what impact they have on other organisational procedures. Training institution must keep these aspects in perspective while identifying and selecting their trainers. Trainers must recognise that every individual possesses an inherent Instinct to grow and improve. Therefore, training ambience should not be based on creating fear and negative reinforcement for the desired behaviour instead should reinforce positively, motivating individual and considering the individual difference in progressively becoming a better version of self in all physical, mental and emotional domains. Rewards and incentive system should be in proportion to their performance. Scope should be given for making mistakes especially in training that's where trainees can afford to make mistakes and learn from them. Trainers must provide balance between learning and evaluation where risk taking, problem-solving abilities could be nurtured.

Instructor Code:-

There has to be an instructor code for the institution Instructors. The Instructor Code must be the guiding commandment for the faculty and directing staff of the institution. The trainers posted there are bestowed upon with the onus responsibility of shaping the future leaders of the organisation. The Instructors must themselves adhere to the strict Instructor's Code of the institution thus setting self-example to the trainees. The suggested code is as under: - *"I dedicate myself to achieving the mission of the institution. I will assist each trainee to become a proud, ethical, motivated, professional and cultured police Officer so that he or she can shoulder the onerous responsibility of effective and efficient police official. I will set standards of excellence in professionalism, and Policing skills, personal morals and social conduct." On joining the institution, every faculty/ staff must be administered with this pledge.*

Understanding today's trainees:-

Today's trainee population is no longer a homogenous group, regardless of similarities amongst the participant's job classification or skill profile. It is becoming increasingly important to consider a training audience as a group of unique individuals who will make their own judgements about training's mission and learning outcomes and to discover how best to meet individual preferences in group settings. Today's trainees are influenced by prior learning experiences, variety of different/extended workplaces, value propositions behind every training, personality development goals etc. Training institution hence must shape, regularly review its delivery, content and objectives that would shape the organisational priorities and consolidate its strategy of learning organisation. Training Institution must recognise the desire of people to learn and grow and provides them with that opportunity to enhance the future of organisation. Training curriculum must also integrate essentials of mental health in the wake of present day societal requirements and tough field conditions. Life skills, including coping with crisis/ stress management must be given full emphasis. Wherever possible, Pedagogy should move beyond presentations and squad post to include group discussion, role playing, documentary, audio-visual stimulation considering the individual's strength and interest domains.

Trainees Code:-

The Trainee Code must be attested to all trainees on their reporting. The suggested code is as under-"I will become a proud, ethical, motivated, professional and cultured police Official so I can shoulder the onerous responsibility of effective and efficient policing in society. As a trainee officer, I will also set standards of excellence in training, personal and social conduct. I dedicate myself in achieving the mission of organisation".

Impact of Technology & Social Media:-

Future conflicts will occur in increasingly connected environments, which will be characterized using new communication and information technologies. "Social Media" and its numerous digital tools are here to stay. The internet has acted as a catalyst in helping it infiltrate every nook and corner of the society and penetrate all levels of organization. Swift and easy access to information has become a vital factor for success in battlefields of today. The knowledge obtained from social media platforms, if appropriately used can multiply the effects of success or if mishandled can lead to catastrophic failures. Social Media platforms also hold a serious sway on the effect of propaganda in the operational and administrative domain. Regardless of the threats and weaknesses, social media has the power of making organisation stronger due to its transparency and fast speed of dissemination. Training must cater to this aspect. Leveraging social media is a process that requires strategy, goals, manpower and foresight. Finding clever and innovative ways to help achieve the desired ends may be the key to success in a continuously evolving social media environment. This demands cultural and organizational changes to adapt to the world of digital inhabitants. Effective training will ensure that trainee officers are aware of the pros and cons of the social media space leading to enabling employees. The institution should consider launching mobile apps to engage with the serving and retired fraternity. There is a need to train police officers on 'Non-Kinetic Warfare' of which social media is also an important domain. The institution should embrace the social media space with an aim to leverage it as a training multiplier.

Repository of Traditions:-

Only by giving constant attention and focus on

organizational pride and self-esteem, the institution can embark upon the advantages of technological up gradation and other related developments, which in turn would usher in excellence. The importance of traditions, grooming and legacy can never be underestimated. Adherence to Symbols, traditions, stress on distinctiveness and pride in the outfit promotes cohesion, self-esteem and subsequently metamorphosing into positive organizational growth. It is a steady source from which trainees draw their strength. Reviving pride through constant enforcement of traditions calls for careful preparation and flawless execution on all organisational functions in the Academy. The institution must conceptualise various projects including documentaries to the above mentioned outlines and emerge as the ultimate custodian of such traditions. The Archives cell of the organisation must be established in the training centres.

Training Sessions to Focus on Ensuring Dignity and Leadership:-

A host of priority areas like ensuring fair treatment at workplace, according societal recognition, insulating men from outside influences, care/benefits etc are some of the areas which needs to be fine-tuned for enhancing the dignity of the personnel. Training must cater to these requirements. Management experts could be roped in by the institution for formatting index of human development/progress amongst the Force personnel with variables on self esteem and dignity. Preparation of Annual wellness report of the Force can also be assigned to training institution. Competency Toolkit must be prepared.

Enshrining Legacies:-

The efforts of updating and chronicling the experiences of Force through organisational History book should be regularly undertaken by the institution in consultation with Directorate. Organisational History book has to be prepared in Hindi and made as a mandatory reading for all who join the organisation. Online courses of organisational History can also be explored. The institution must undertake in coordination with Directorate AV briefing campaigns in various educational institutions about the organisation in general and about employment opportunities in particular. The faculty can conduct motivational sessions to graduates and can also help them in preparing for competitive exams in terms of officers entry. It can also conduct tour visits of college/school students to apprise them

about various avenues. Remembering living gallant heroes or Martyrs Gallery would generate emotional and sensitive feeling amongst the men. Events and sacrifices should be recollected in a formal function so that trainee officers get their due inspiration. Alumni wall, Gallant officers' gallery and faculty/staff wall must be established.

Grooming Mechanism:-

Only by proper grooming mechanism, police officials will take pride in operational and administrative achievements. Changes from both 'top down' and 'bottom up' must be brought in so that we are able to groom the next generation of police officials which can practice the immutable principles, 'Know yourself' and 'set the example'. The training institution has a crucial role to play in this regard. Vertical and Horizontal interactions between trainers and trainees should be strengthened and intensified through formal and informal systems in the Academy. The training courses must be engineered accordingly. Grooming must enable them to take timely and informed decisions. Attitudinal Training must enable them to maintain harmonious balance between critical/analytical thinking, skills in problem solving process and making certain action as patterned behaviour and muscle-memory on the other hand.

Spirit of Camaraderie:-

The nature of the future combat and the challenges converge most forcefully at the junior leadership levels and trainees must gain the appropriate frame of reference. The training modules for trainees have to focus on such issues and customize the learning process by which men develop a strong sense of belonging which acts like a catalyst for enhanced performance.

Nurturing Values:-

The general decline in the moral and ethical health of the society cannot be denied. Standards of integrity have fallen, and some of the new generation police officials consider patriotism and honour as less fashionable. Materialism, careerism and expediency are replacing the organisational motto. To rectify this we need role models. The training institution should reinforce the three central concepts to the young police officials in their interactions namely; Duty, Organisation and Honour and similarly the chief ingredients of leadership; Character, Courage and Competence. Pride in public service and core

public service values with effective and responsive delivery have to be rebuilt. Training must attend to these requirements. Modules must be incorporated to realise above objectives.

Blended Training:-

Blended training or else hybrid training strategy must be adopted. It combines different learning techniques and it offers a combination that brings in the best of both forms of training, namely, Instructor-Led Training (ILT), Online training, e-Learning or m-Learning. As it offers a blend of both formats facilitated as well as self-paced, it maps more effectively to suit the learning expectations of a wider audience in the organisation. From the organizational perspective, Virtual Instructor-Led Training, or VILT enables organizations to reach a wider audience in a significantly shorter time. The online framework enables the instructors to assess the learners' performance online and far more quickly. More significantly, with a blended training approach, training institution can tap into the prevailing online strategies, like Micro-learning or Gamification. They can also adopt collaborative social learning to create supplementary online trainings. Usage of these approaches provides an immersive learning experience aimed at better recall, retention and application. The supplementary online courses or resources facilitate a continued learning post the workshop.

Technology Focused Approach:-

Technology is a Force multiplier for better result-oriented training culture. The institution must conceptualise regular technical up gradation projects by studying similar such best practices followed in other national and international institutions. Biennial technical up gradation action plan of the institution must be prepared by a body of experts and executed. Installation of latest Learning Management Software could be a starter in this regard. Adequate attention is required to fill performance gap in Cyber Security. Mobile Learning Module can also be developed to train the officers online so that they can access any information/case study etc from this software through a unique password on the lines of SELO. Also language lab needs to be established so that commanders could have better communication skills in tribal pockets of various conflict theatres. Webinar training models must be strengthened between trainees and field formations in conflict theatres. The institution should establish a web linking option for

delivery of Uniform/Kit items to police officials posted throughout country as followed in other institutions. Technology adopted should provide a platform for both trainees and trainers to constantly monitor their performance and scale it up accordingly as per their expectations.

Securing BIS for Educational Organizations:-

The training institution must endeavour to secure the latest IS/ISO 21001: 2018 certification in terms of its overall management systems for educational organizations adopted by BIS. These latest standards are based on the recommendations of the services standards sectional committee duly approved by International Organisation for standardisation. The process of certification would necessitate the institution to ensure its alignment of objectives and activities with Organisation mission and vision, establish consistent training processes and evaluation tools to demonstrate effectiveness and efficiency create increased credibility, demonstrate commitment to effective educational management practices etc. The strive for securing these standards will result in further stimulation of excellence and innovation.

SMART Parameters:-

The requirements of the modern Police Forces have been appropriately captured by the honourable Prime Minister Shri Narendra Modi in the expression "SMART Policing". He emphasised that a professionally efficient, technologically enabled, socially sensitive police upholds the rule of law and human rights in all situations and is also engaged optimally with the community. These parameters be kept central while conceptualising training strategy for the training institution.

Selection and Posting of Faculty/staff:-

The present system of posting in training institutions needs to be further refined. Postings must only be done based on the specific recommendations of the training institution. Based upon the performance, aptitude in their basic training and other in-service training, the institute can easily maintain a pool of eligible officers/trainers for posting in various training institutions. This can be revalidated with field performance and appraisal. This system will also help the individual and organization to groom these trainees as potential national level trainers. Developing stringent norms for faculty selection is a must. Proper substitution of faculty must be

ensured during transfer. The Academy should not be a destination for terminal or posting for medical treatment or for other reasons. Faculty selected for Academy must have served in high intense conflict zones. Preferences must be given to those who are recipients of gallantry medals. Adequate female representation in faculty must be ensured. The tenure of faculty should be of 4 years with scope for 1 year extension.

Faculty Development Programme:-

The institution must gain inspiration from the Pt. Madan Mohan Malaviya National Mission for Teachers and Training which seeks to “build a strong professional cadre of teachers by setting performance standards and creating top class institutional facilities for the professional development of teachers” Introducing pre service faculty training for 3-6 months including faculty exposure to the latest tools/ techniques of quality teaching and research is a must. Regular quality checks on performance indicators used for evaluating faculty be strictly adhered. Annual review of trainers must be done for their retention. Parameters for faculty accountability for learning outcomes of trainees be established/ should be taken up in mission mode. The faculty development programme must be designed to enable those who have relevant occupational competence in any policing specialisation or context to develop the requisite knowledge and skills for a variety of police training roles. The institution must also provide training opportunities for its faculty like customised annual training development plans faculty wise, extending opportunities for Advanced University Education Program, create opportunity to obtain an academic degree and/or certification, fund external training & Virtual Academy (an online catalogue of self-paced courses in a variety of topics), facilitate on-the-job training courses so as to develop and enhance their leadership and management skills. Faculty of the institution must be well groomed to seek and adopt appropriate range and mix of the latest training methodologies. Faculty exchange programme to other similarly placed training institutions of repute must be organised.

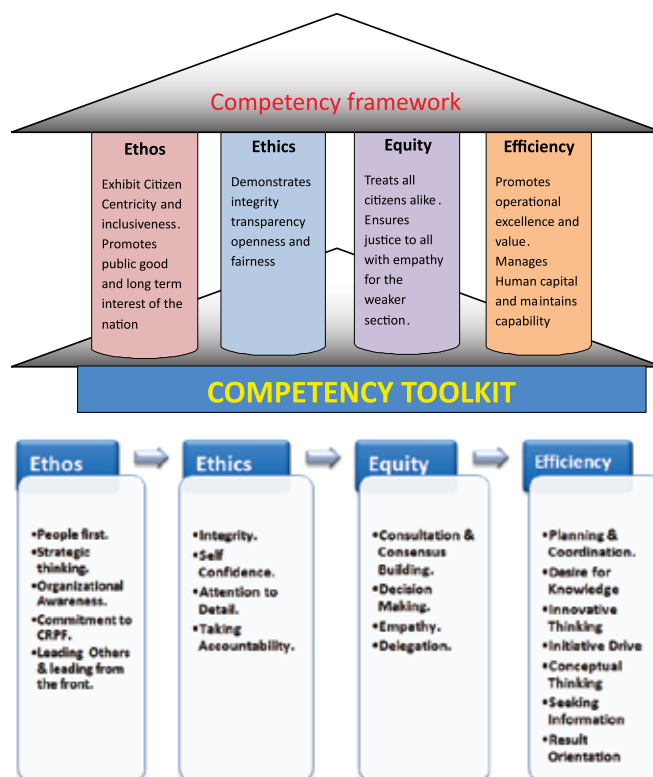

Psychological profiling:-

Psychological profiling of the trainees and trainers similar to the pattern established in NPA must be introduced. Copy of the dossiers must be kept in Academy and talents for various diverse fields must be identified accordingly. Parameters for

identifying future trainers amongst these trainees must also be incorporated so that ready reckoner of choices is easily available.

Competency Toolkit and Way Forward:

CRPF Academy has prepared a customized competency toolkit for desired outcome and efficiency based on DoPT Competency toolkit. Every training Institution must create a competency toolkit based on field and organisational requirements. One such similar model is shown below.

Concluding Remarks-

The Contemporary trends in sensitized policing for an empowered society demand that competencies of a police officials are enhanced to the desired level such that wisdom of Solomon, Courage of David and Strength of Samson, Leadership of Moses, Patience of Job and Faith of Daniel, Kindness of the Good Samaritan, Strategical training of Alexander, Diplomacy of Lincoln, and the Tolerance of the Carpenter of Nazareth. These attributes are possible for police officers only through a Competency Based Training. In a nutshell, Competency based training is a training that focus on specific competencies/Skills/ Attitudes/Beliefs for forming up a positive self worth of Police official. This sense of pride once achieved will reverberate in the behaviour of the Police official on Duty and Off Duty.

Being nostalgic of what I had experienced previous year. I remembered a short episode which I am sharing here. It was in the month of August 2017, my Coy was deployed in Abi Gujar Lane near Lal Chowk and I was supervising my Coy deployment as usual. There was a complete shutdown call from Hurriyat and the Government had also imposed curfew to thwart untoward incident. Amid both calls the entire Civilian population were confined indoors. After checking my deployed Sections, I stood under a Chinar Tree where two media personnel were already present. They were busy in a debate on the topic "Future of Kashmir" oblivious of my presence. One photo journalist who appeared to be a jocund personality expressed his view that there is no solution of the "K" issue. It is continuing since last 70 years and on every issue we cry.

"HUM KYA CHAHE AZADI"
(*"What do we want.....Freedom"*)

With sly in his smile he told actually we want nothing. We want to follow only our leaders. Whenever something pinches us and our leaders make us aware of the pain then as per our leader's wish and direction we shout.

"HUM KYA CHAHE AZADI"
(*"What do we want.....Freedom"*)

Within few days we forget everything and start leading a normal life as if nothing had happened. Vehicle accidents are a regular eventuality in this state, which claims many lives every month. But when ever any of us get killed by vehicle of Security Forces we cry.

"HUM KYA CHAHE AZADI"
(*"What do we want.....Freedom"*)

After due course of time we again forget our agony, shed away our pain and start leading a normal life. At the influx of tourist during peak season we experience a mixed feeling of exoticism and anguish and hence we start pelting stone on Security Forces perplexed. In this situation we can't postpone our agitation and hence we chant our favorite slogan.

"HUM KYA CHAHE AZADI"
(*"What do we want.....Freedom"*)

We don't like to work as God has bestowed us with lot of wealth. We need not go to work as we have many *Laborers* at our easy disposal. Even in this situation of shutdown, restriction and curfew we are not vexed enough. We need not to go to the

office or on duty as we are having good excuse as administration thinks that, *Hurriyat Bandh* Call has restricted us for duty and society thinks we are not allowed to go on duty as restriction and curfew has been imposed by authority. In this situation we are enjoying both boats other than dissatisfaction, we have no other means to shield our exuberance and hence we chant.

“HUM KYA CHAHE AZADI”
 (“What do we want.....Freedom”)

We follow *Hurriyat* calendar religiously but whenever we need to go outside and have to face brutality of the so called peace keepers. It is our right to shout.

“HUM KYA CHAHE AZADI”
 (“What do we want.....Freedom”)

We have a very human touch for our Martyrs and in retrospection we give a call to march up to their graveyard. In pursuance of that call usually what happens (it is still to be probed) is that we have to face restriction, eventing in firing and we again get a chance to chant.

“HUM KYA CHAHE AZADI”
 (“What do we want.....Freedom”)

With the passage of time we become calm and pardon all our foes. Authority sets a probe, a commission is set up and situation become normal. If there is peace in the valley for a long time, we announce to offer *JENAZAH* in absentia. The result is not hidden from everybody and we have a fresh

Martyr to offer *JENAZAH* (in presentia). Amid this sobbing situation how can we remain mum and hence we chant the slogan.

“HUM KYA CHAHE AZADI”
 (“What do we want.....Freedom”)

Our “*Kashmir*” is called the land of *Saints*. We always forgive our enemy and have faith in peace. So all this incidents recur all throughout the year.

“HUM KYA CHAHE AZADI”
 (“What do we want.....Freedom”)

After hearing this lecture I could not resist myself and in sheer emotional pathway told him abruptly you are not a *Kashmiri* you are scratching the wound of *Kashmiris*. Then they uttered.....

RTC PGM

The programme was organized by RCWA in connection with 34th Raising Day celebration of Recruit Training Centre, Peringome CRPF on 01/12/2020. As a tribute to Raising Day celebration, an online contribution was arranged from staff and family members of RTC Peringome, with a sum of Rs.36347/- has been collected and handed over to Anjali Vidhyaniketan, Eramam, near Mathamangalam by Smt. Smitha Pauly, President, and Smt. Manjula Kujur, Vice President RCWA and other CRPF Officials on 02/12/2020.

It is an orphanage for physically challenged and mentally retarded women, of various ages, who either have no family and with various reasons. There were around 35 to 40 ladies and girls. The home usually has a care taker called Sister Lavanya, who monitor the Orphanage and few other Sisters and helpers to take care of the residents.

The most incredible women we have met and will ever meet, with whole-hearted service minded. Finally, when we returned back, our heart was filled with lots of emotions and sentiments, which took me behind the pain of experience. It brings forth the words of Helen Keller:

**“Optimism is the faith that leads to achievement.
Nothing can be done without hope and confidence”.**

पुलवामा हमले का दर्द

घर रोशन रहे अपनो के गद्दारों की बस्ती में।
इस उम्मीद पर अपने जिन्होंने घर जलाये हैं।।
चुकाना कर्ज तो सीखो जरा उनमें सितम खोरो।
अपनो के लिये जिन लोगों ने अपने गवांये हैं।।

घर रोशन रहे अपनो के गद्दारों की बस्ती में।
इस उम्मीद पर अपने जिन्होंने घर जलाये हैं।।

माँएँ चूमले कैसे भला चेहरे सपूतों के
मुमकिन ही नहीं, रुखसार ऐ सूरत जल गये जिनके।।
रोशन हो भला कैसे वो बूढ़ी माँ बाप की आँखें।
बुझे जो आँख के तारे, उजाले छिन गये जिनके।।
दिलेरी सीख लो उनसे, कि रख कर कलेजे पर।
जिस जिस बाप ने अपने, चिरागे घर बुझाये हैं।।

घर रोशन रहे अपनो के गद्दारों की बस्ती में।
इस उम्मीद पर अपने जिन्होंने घर जलाये हैं।।

मोहब्बत की निशानी थी किसी गोरी हथेली पर।
जिनके नाम की मेहँदी बड़ी गहरी रची थी।।
जो गहरी नीद सोये हैं, के आँखें मिच गई जिनकी।
वो कैसे देख पायें, भला कैसी रची थी।।
जिनके नाम का घर पर, सजा सेहरा पड़ा था।
पहने वो भला कैसे, जिन्होंने सर कटाये हैं।।

घर रोशन रहे अपनो के गद्दारों की बस्ती में।
इस उम्मीद पर अपने जिन्होंने घर जलाये हैं।।

6 फीट का गया था वो, मगर आधा भी नहीं लौटा।
वापिस लौट के आया भी, तो टुकड़ों में लौटा है।।
जुबाने काट लो अपनी, जिन्हें जिनसे शिकायत हो।
सहकर भी सितम कोई, यहाँ खामोश लौटा है।।
यह जो बेमुरब्बत है, निभाना सीख लो उनसे।
बिन रबत जिसने यहाँ, रिश्ते निभायें हैं।।

घर रोशन रहे अपनो के गद्दारों की बस्ती में।
इस उम्मीद पर अपने जिन्होंने घर जलाये हैं।।
चुकाना कर्ज तो सीखो जरा उनमें सितम खोरो।
अपनो के लिये जिन लोगों ने अपने गवांये हैं।।
